VOL. XCII—NO. 110. WILMINGTON, N. C., TUESDAY MORNING, JULY 29, 1913. WHOLE NUMBER 13,388.

FAIL TO AGREE ON A MEXICAN POLICY

Ideas of the President and the Ambassador at Complete Variance

NATIONAL PRIDE INVOLVED

Mexicans Now Formulating Plan Which May Solve a Hard Problem for United States—Officials Confer

Washington, July 28.—Ambassador Henry Lane Wilson, summoned from Mexico City to inform the Washington administration of conditions in the rebellion-torn republic, talked for an hour with President Wilson and Secretary Bryan today, submitting chiefly a recommendation that the United States use its influence to stablize the Huerta regime.

No policy was evolved—at least none was announced—but it became known that the President's ideas and those of Ambassador Wilson as to the course to be pursued are so radically different that administration officials interpreted the day's development as forecasting the acceptance of Ambassador Wilson's resignation.

President Wilson and the ambassador regard the future of the Mexican situation, it was learned, from opposite viewpoints. The President is concerned over the morality of any policy adopted by the United States and its effect on other Latin-American countries and is disinclined to strengthening a government that came into power through the questionable events incident to Madero's assassination.

The Ambassador's Attitude

Ambassador Wilson, on the other hand is disposed to look at the situation, not from past events, but with the practical idea of the future. He believes it is the business of governments to look to the future and his suggestions have been in the direction of extending recognition to the Huerta government if it did certain things to conserve American interests.

The inadvisability from a diplomatic standpoint of maintaining in Mexico City a representative who would not be sympathetic with the purpose of the Wilson administration in Washington is said to have practically convinced the President that the embassy in Mexico City had better be conducted for the present by Nelson O'Shaughnessy, its first secretary, reputed here as efficient and experienced. The appointment of a new ambassador would be contingent upon the establishment of a satisfactory government at Mexico City. Meanwhile, the President advised Ambassador Wilson to take a rest for a few days as he has been laboring under a nervous strain.

New Movement on Foot

While the chief officers of the American government were debating the facts of the situation today it became known that a movement was on foot which might eventually spare them the necessity of offering mediation or any other kind of interference in Mexican affairs upon which the National pride of Mexico is sensitive.

The plan contemplates a repetition of the process by which Diaz abdicted in favor of a provisional president, acceptable to both factions in the revolt against him. Prominent Mexicans of influence are interested in the idea and have informed Secretary Bryan that if the American government would refrain from any policy of mediation, at least for the present, they felt confident of bringing about an understanding between the warring forces looking toward a peaceful solution of political difficulties.

Provisional President Huerta, it is suggested, in the peace plan, might be persuaded by his friends that with the desperate financial condition of Mexico, his resignation would be an act of patriotism and self-denial. He would be asked to name a minister of foreign relations, a post now vacant, so that through the constitutional process of succession, the minister would succeed him as provisional president.

The Proposition Sounded

That the revolution in the north led by Governor Carranza had been informally sounded on the proposition became known, as well as the fact that certain men already have been mentioned for the provisional presidency who would be acceptable not only to the Huerta administration but to the Constitutionalists as well. The naming of a cabinet by the provisional president and the convoking of a general election would follow, and it is hoped by those who are already working on the plan that the United States would recognize the new government so that Mexico's credit abroad would rise and make possible the negotiations of a loan to rehabilitate the finances of the republic.

In the meantime, the Constitutionalis army would be moved to assist in pacifying.

Mexico's Financial Condition

That both the President and Secretary Bryan are greatly concerned over the financial state of Mexico was apparent from the questions which they asked of both their official and unofficial agents. Incidentally E. N. Brown, president of the Mexican National Railways, who saw Secretary Bryan today, was interrogated about the condition of the railways where loss of revenue and destruction of property have been great on account of revolution.

In Ambassador Wilson's report particular attention also was given by him to the condition of banks in Mexico. Other advices had been obtained, too, as to the heavy drains by the Huerta government on the resources of Mexico's big banking institutions.

In this connection it became known that the diplomatic note citing financial conditions in Mexico as desperate because of the failure of the United States to recognize the Huerta government had been signed by the representatives in Mexico City or Great Britain, France, Italy, Spain and Belgium.

Just which countries transmitted the note to the United States for information has not been divulged.

The President has in hand a vast amount of information from which to deduce a policy. He has not only the data gathered in official channels, but the letters and reports of trustworthy unofficial representatives such as William Bayard Hale, his intimate friend and biographer; and Reginald Francisco Del Valle, close friend of Secretary Bryan, who has just returned from a two months' inspection of conditions. Besides this, the President now has the views of the Constitutionalists as outlined by some of their most able exponents.

Still Discuss Mediation

The plan of mediation is still being discussed in Congressional circles. Senator Bacon, chairman of the Foreign Relations committee, thinks it would be a good plan if the Mexicans would consent to it.

Reports to the State Department today said that vigorous measures were being taken by Mexican Federal soldiers dispatched to capture the marauders who sacked the American plantations in the vicinity of Frontera. Many of the bandits have been taken and killed and it is expected that the plantations will be re-opened soon.

The Americans in Mexico concerning whom inquiry has been made at the department and whose safety is vouched for, include the family of John A. Thompson, now at Saltillo preparing to sail for Virginia via New York; Dr. Jumper, thought to be in Torreon; Thomas L. Hammill, of Fort Worth, Texas, safe and well at Vera Cruz, and Mr. Rouse Field safe in Mexico City.

Reports from San Diego say that an issue of paper currency is being put into forcible circulation there by the Carranzistas.

UNCLE SAM AND JAPS FRIENDLY

Administration Officials Inclined to Take an Optimistic View of Problem—Further Investigations Probable.

Library of Congress

Washington, July 28.—Administration officials here are disposed to take an optimistic view of the negotiations with Japan arising from her protest against the California anti-alien land law, and believe that a complete understanding almost is in sight.

While there may be another interchange of notes administration officials feel that the diplomatic correspondence so far has established the friendliness of the United States government for Japan and the absence of intent upon its part to discriminate against Japanese. While there has been no specific solicitation of the question arising, it is said a frank understanding of the purposes of the two nations has arisen from the negotiations.

Though nearly two weeks have expired since the delivery to Ambassador Chinda, of the American reply to the last Japanese note, no intimation has reached Washington of a purpose on the part of the Japanese foreign office to continue correspondence.

The administration is resting in the hope that its last pronouncement on the subject has satisfied the Japanese government of two facts of importance; that there has actually been, no violation of the treaty rights of the Japanese by the alien land legislation, and that recourse must be had to the courts to determine the question of the effect of the Webb law upon such broad rights and privileges of the Japanese as are granted by international law and comity.

It is believed here that the entire attention of the Japanese Foreign Office is at present absorbed by the critical condition in nearby China, which might influence the Japanese government to at least suspend the negotiations with the United States until a test case has been tried or a conclusion in California, some time after August 10th, when the anti-alien land act becomes effective.

PHAGAN MURDER TRIAL BEGINS.

Introduction of Testimony for State Started Yesterday.

Atlanta, Ga., July 28.—Introduction of testimony for the State was begun this afternoon in the trial of Leo M. Frank, former superintendent of a local pencil factory, charged with the murder of 14-year-old Mary Phagan, an employe, whose mutilated body was found in the basement of the factory on the morning of April 27th.

Three witnesses were introduced today, the most important of these being Newt Lee, the negro watchman, who summoned the police to the factory by telephone by informing them that he had discovered the body of a girl in the basement. Lee adhered closely to his oft-repeated story that he knew nothing of the crime or the presence of the girl's body until he found it secreted in the basement. He will resume the stand again tomorrow.

Mrs. J. W. Coleman, the Phagan girl's mother, identified the clothing of the murdered girl. G. W. Epps, aged 15, a news boy, testified to riding down town with the Phagan girl on April 26th and to having made an engagement to meet her that afternoon. He said that he waited, but the girl failed to appear.

Less than five hours after court convened the last juryman was agreed upon and Judge L. S. Doan announced that the opening statements of prosecution and defense would be heard immediately after the noon recess. Court adjourned shortly after 1:30 to convene at 3 o'clock.

Seven panels of veniremen were questioned before 12 jurors had been accepted. Two salesmen, two machinists, a bank teller, a bookkeeper, a real estate agent, a manufacturer, a contractor, an optician, a claim agent and a mailing clerk make up the completed jury. Eleven of the jurors are married.

St. Paul, Minn., July 28.—The Oriental limited on the Great Northern Railroad, was wrecked near Butte, Mont., tonight according to an unofficial report received here. At least two persons were killed and many injured, the report said.

MULHALL'S LETTERS BEFORE THE SENATE

Few of Them Now Remain to Be Placed in the Records

WORK OF PROBERS CONTINUES

Attorneys for the Association and the American Federation of Labor Are Granted Right to Cross-examine the Witness

Washington, July 28.—Martin M. Mulhall sat on the witness stand before the Senate lobby committee today and listened to another Senator deny his statements. Senator Lodge mentioned as one of many with whom the former "lobbyist" for the National Association of Manufacturers had held political conferences, declared he did not know the witness and never had heard of him until the present investigation began.

Mulhall's correspondence read today brought him into the year 1911 when the House became Democratic. In many of his letters that year he spoke of interviews with Majority Leader Underwood, William B. Wilson, Secretary of Labor in President Wilson's cabinet, then chairman of the House Labor committee; James T. Lloyd, of the First Missouri district; Chairman of the Democratic Congressional committee, and other prominent men. He wrote in the strain he used all through his letters to J. P. Bird, the general manager of the association, and other officials of having men appointed to committees, of preventing legislation and of generally having much to do with the operations of government in Washington. He mentioned in several letters with assurance that he expected to have even greater success with the Democratic House than he had boasted he had in the days of Republican rule, but questioned by the committee, said he had been too optimistic in his prophesy.

Mulhall took up his relations with Representative J. T. McDermott, of Illinois, and J. H. McMichael, one-time chief page of the House and confidential secretary to the Representative. He identified what he swore was a receipt for $100 given him by McMichael for service in September and October, 1911, and reiterated that McDermott borrowed money from him which he never paid back.

Senator Reed became deeply interested in talk about a "secert room" which Mulhall said McDermott secured for his use on the lower floor of the west front of the Capitol on the House side. He described that as quite a mysterious place, and the committee will inspect it later. Mulhall went to the length of making arrangements to hire a stenographer who he intended to place in this room. He wrote to Bird about "the room and the stenographer."

All through today's letters Mulhall appeared in opposition to legislation favoring labor. He swore that there was a labor lobby in Washington then in which Samuel Gompers, Frank Morrison and other officials of the American Federation of Labor were conspicuous figures.

The committee made little progress today. Senator Reed read extracts from dozens of letters referring to the franking of books and bulbs and other things through the mails to friends of the association.

One of the last to go in was dated October 25, 1911, from Mulhall to General Manager Bird, offering his resignation. The committee did not finish its examination of Mulhall on the subject, but he declared that he got into difficulty with the executive board of

(Continued on Page Eight.)

Peace Probable In Chinese Republic

Washington, July 28.—Reports to the State Department today indicated that the Chinese Republic is making steady advances toward suppressing the resolution there, and that the revolt is expected to collapse, because it is not supported by the commercial classes of the South.

Rear Admiral Nicholson reported the arrival at Kiu Kiang today of his flagship, the cruiser Saratoga, and the cruiser Cincinnati. His dispatch indicated that Americans and other foreigners in the Chinese Summer capital were safe.

An Appeal for Funds.

New York, July 28.—Nine Chinese business men of New York are on their way today to Boston, Chicago and other cities to raise money among their fellow countrymen for the support of the revolutionary party in China. It was said that similar action had been taken among the Chinese leaders in San Francisco, who were sending out men today to raise money among the Chinese residents of Western cities.

A committee of ten formed at a meeting yesterday has established headquarters in New York for the aid of the rebel cause. They declare that the Chinese in this country are overwhelmingly for the rebels, and they denounce provisional President Yuan Shi Kai as ambitious to become an Emperor.

Steamers in Readiness.

Hong Kong, July 28.—The British river steamers at Canton have been ordered by the consul to steam up in readiness if necessary to embark the women and children from the suburb of Shamoon where most of the foreigners reside.

There was an abnormal exodus today of the better class in Canton to Hong Kong.

MORE TIME ON CURRENCY BILL

Committee Democrats Agree to Allow Themselves Two More Weeks in Which to Wrangle Over the Monetary Problem

Washington, July 28.—Democrats of the House Banking and Currency committee today agreed to allow themselves two weeks more of wrangling over the administration currency bill. Two weeks from today a Democratic House caucus will receive the measure in as finished a condition as the committee members can arrive at.

After three hours of argument at which various plans for disposition of the measure were discussed the Democratic committee members voted to authorize the chairman to "ask for a caucus of the party to be called on August 11th, to act upon such a report on the pending currency bill as will then be made."

No Details Public

Further than this the members directed the chairman to make public no details of what took place at the meeting.

The supporters of the administration bill, having failed after weeks of discussion and argument, to win over three or four opponents of the measure among the Democrats of the committee, have decided to proceed without them, and allow those dissatisfied with the measure to carry their fight to the House caucus.

This will throw into the caucus the entire fight over the so-called insurgents, providing for "cotton, corn and wheat currency" as framed by Representative Henry, of Texas, and Representative Ragsdale, of South Carolina. These amendments with the other insurgent proposition undoubtedly will be voted down by the conference of the committee members by a vote of about eleven to three. This vote would not be sufficient to overcome the vote of the insurgent Democrats and the minority members in the full committee.

Measure Direct to Caucus

Therefore, the measure will be taken directly to the caucus.

Today's entire session of the conference was spent in a discussion of whether the proceedings of the meetings should be made public. After considerable argument the conference rejected a proposition to throw open the doors of the committee room and allow the debate to be made public. The vote was six to six and Chairman Glass cast the deciding vote against the open-door policy. It was then voted to enjoin secrecy as to the proceedings on every member of the conference.

President Wilson and Chairman Glass, of the House committee, and Chairman Owen, of the Senate committee, believe that they will be able to get the measure through both Houses and the Senate with the essentials practically unchanged, even though considerable opposition will be met at every step and considerable delay encountered.

OUR COMMERCIAL RELATIONS.

Concise Volume Issued Containing Information on Foreign Trade.

Washington, D. C., July 28.—A concise volume entitled "Commercial Relations of the United States," which contains statistics showing the foreign trade of each country of the world during 1911 compared with the previous year, has just been issued by the bureau of foreign and domestic commerce. This valuable publication shows the principal articles and their value entering into the trade of each country and the itemization of the imports from and the exports to the United States. The statistics were prepared by American consular officers, and supplemented by other official data. In addition to trade statistics, the grain crops and the mineral output of the principal countries are given, thus presenting in compact form the principal features upon which the commerce and industries of the foreign countries depend. The volume should prove highly valuable for reference purposes, having been revised and brought up to date so far as statistics were available. Copies of the book may be obtained from the superintendent of documents, Washington, D. C., for 25 cents each.

Washington, July 28.—Representative Hay, of Virginia, chairman of the House Military Affairs committee, today re-introduced his bill providing the machinery for the organization of volunteer regiments for the army in time of war.

OUTLINES

Senator Townsend in a speech before the Senate condemns the pending tariff bill, and predicts financial depression will result if the measure becomes law.

Democrats of the House Banking and Currency committee agree to allow themselves two weeks more time in which to wrangle over the administration currency bill.

Administration officials are taking a more optimistic view of the negotiations with Japan arising from her protest against the California anti-alien land law.

The Chinese Republic makes steady advances toward suppressing the revolution. Chinese business men in Americ attempt to raise funds for the support of revolutionary party in China.

The Senate Lobby Investigating committee continues hearing the testimony of Martin M. Mulhall, confessed lobbyist.

Secretary McAdoo charges influential New York banks with attempting to defeat the currency bill.

Washington officials have failed to agreet upon what attitude the United States shall assume towards Mexico. The ideas of President Wilson and those of Ambassador Wilson are at variance.

New York markets: Money on call steady 2 1-4 to 2 1-2; ruling rate 2 1-2; closing bid 2 1-4; offered at 2 1-2. Flour easy. Wheat steady. Corn steady. Rosin steady. Turpentine steady. Cotton quiet; middling uplands 11.95; middling gulf 12.20; sales 4,400 bales.

SECRETARY M'ADOO PREFERS CHARGES

Holds Banks Responsible for Decline of Government Bonds

ISSUES DETAILED STATEMENT

Says Influences Were Brought to Bear by New York Institutions Design to Defeat The Currency Bill—Bond Values Inimpaired.

Washington, July 28.—Secretary McAdoo issued a statement tonight flatly charging that the decline of government 2 per cent bonds to 95 1-2, a new low record—was due "almost wholly to what appears to be a campaign waged with every indication of concerted action on the part of a number of influential New York City banks to cause apprehension and uneasiness about these bonds in order to help them in their efforts to defeat the currency bill."

Banks throughout the country own almost entirely $730,882,130 of the 2 per cents. Their market value today was approximately $30,000,000 less than when the banks bought them. Almost all the entire issue is used as security for National bank notes. At the present price, however, the discrepancy between the market value and the issues of notes against the bonds is covered by what is known as the 5 per cent redemption fund, deposited by the banks with the treasury to care for retirements of National bank notes.

Secretary McAdoo announced it was not his intention to require the banks to charge off the present depreciation below par, but that the banks might continue to put in the bonds at par in their statements to the comptroller of the currency, at least "until some material change in condition should compel the adoption of another course."

In his statement Secretary McAdoo declared 2 per cents were worth par—notwithstanding their decline in the New York market, and continued:

"The idea seems to be that the country banks which hold about two-thirds of the 2 per cent bonds and use them as the basis for their circulating notes, may be induced to unite with the New York City banks in opposition to the bill if they can be made to believe that the proposed currency measure is going to injure these bonds and cause losses to the banks. This is, of course, unfounded.

"Meantime, it is folly for any bank to sell government 2s at a sacrifice because of any apprehended legislation adverse to governments as no such legislation will result. In the 124 years of its existence, the government has kept faith scrupulously with its creditors, and it is not going to change its honorable character now. If the necessities of any bank oblige it to sell bonds at depressed prices, that, of course, is another matter—a matter solely for the bank to determine."

The Secretary said that nothing occurred to impair the value of the 2 per cent bonds, but that the amendment already adopted by the banking and curreny committee of the House enhances their intrinsic worth:

1. Because the banks and all other holders of 2 per cent bonds are given a privilege not now possessed, of exchanging the 2s for 3s, without the circulation rights at the rate of 5 per cent per annum of their holdings, present or hereafter acquired. So long as they do not make the exchange they may retain or sell and buy the 2 per cent bonds and exercise

(Continued on Page Eight.)

Morehead Officers Raid Atlantic Hotel

Morehead City, N. C., July 28.—Quite a sensation was created at Morehead City last Wednesday night when E. H. Gorham, mayor of the town, in company with several officers, made a raid on the Atlantic Hotel and confiscated a quantity of whiskey which was stored in the hotel.

Mayor Gorham had for some time believed that intoxicants were being sold at the Atlantic Hotel, but no conclusive evidence could be obtained that such was the case. However, a careful watch was kept on the place and when it was learned that a quantity of beer and whiskey had been received, the raid followed.

The Atlantic Hotel is owned by the Norfolk Southern Railway Company and was this season leased to T. L. Bland and R. A. Cherry, two well known hotel men, who conduct several hostelries in this State, including the Gaston Hotel in this city. Mr. Cherry was in charge of the Atlantic Hotel. No arrests have been made, but according to a statement made by Mayor Gorham, papers will be served at the proper time. Since the raid Mr. Cherry has not been at the hotel and it is supposed that this is the reason there have been no further developments.

SUIT FOR INSURANCE.

Painter Estate Sues for $50,000 Insurance on E. O. Painter's Life.

Jacksonville, Fla., July 28.—Okie G. Painter today filed suit against the United States Fidelity & Casutlay Company, of Baltimore, for $50,000, the amount of a policy on the life of the late E. O. Painter, the fertilizer king, who was drowned in the St. Johns river here on May 22nd. He had $1,178,000 life insurance. The insurance companies allege suicide as a defense.

TOM DIXON OPPOSES NEGRO

Author of "The Leopard's Spots" Writes Senator Overman to Fight Confirmation of Patterson for Register.

(Special Star Telegram.)

Washington, D. C., July 28.—Tom Dixon, the North Carolina author and playwright, in a letter to Senator Overman today, protests vigorously against the confirmation of the nomination of Adam E. Patterson, the Oklahoma negro, whom President Wilson has nominated for register of the Treasury.

"I trust you will fight to the death the appointment of the negro Patterson to poss white girls," says Mr. Dixon. "The Southern people of today will not stand for this. We have traveled a long way from the negro equality idea of Cleveland's day. This

THOMAS DIXON.

Treasury Department appointment has been a stench in the nostrils of the South for years."

Senator Overman wrote Mr. Dixon tonight saying that the negro would never be confirmed if his vote can prevent it.

It is said W. E. Breese may be allowed to serve his term in the county jail instead of going to the Federal penitentiary at Atlanta. Senator Overman and Representative Gudger called on President Wilson today and the President has this proposition under consideration.

Representative Pou told President Wilson that Congress was ready and willing to stay in session until December, if necessary, in order to pass a currency bill. Mr. Pou is very close to the President and is called in on most of all the important matters coming before the House. P. R. A.

CONGRESS CONDENSED.

Work of the House and Senate Briefly Outlined.

Washington, July 28.—Senate:

Resumed general debate on tariff bill.

Senator Townsend criticised "executive interference" and caucus domination.

Judiciary committee recommended favorable action on appointment of Representative John W. Davis as solicitor general.

Lobby committee continued hearings.

Eleven progressive Republicans agreed to support Senator LaFollette's substitute schedules on wool, cotton and several parts of tariff bill.

Senator Bryan proposed before Postoffice committee legislation to prevent Postmaster General from making changes in rates and size regulations of parcel post.

Senate considered nominations in executive session.

Adjourned at 6:08 P. M. until noon tomorrow.

House: Met at noon and adjourned at 12:03 P. M., a record short session, because of Leader Mann's filibuster for debate on Caminetti-Diggs case.

Representative Howard, of Georgia, introduced amendment calling upon civil service commission for information on soliciting of campaign funds among government employes in Atlanta in 1912.

BLEASE ASSAILS EDITOR.

Replies to Article in Army and Navy Journal.

Columbia, S. C., July 26.—Governor Blease made a vitriolic attack on the Army and Navy Journal today in a letter to the editor of that paper replying to an article which stated that the people of South Carolina had not given the Governor support in his recent controversy with Secretary of War Garrison.

The Governor recites the paper that the three colonels and the brigadier general approved of his course in printed resolutions, and tells the editors "What a liar you are!"

He says the military men are delighted with his action, and he gained his point in not having the 11 companies muster out.

"Please publish this letter to show to the people what a liar you are," concludes the Governor's letter.

APPOINTMENTS CONFIRMED.

Senate Approves Diplomatic, Treasury and Judicial Officials.

Washington, July 28.—The Senate today confirmed the appointments of Frederic C. Penfield as ambassador to Austria-Hungary; James W. Gerard, ambassador to Germany; Joseph E. Willard, minister to Spain; Charles S. Hartman, minister to Ecuador; John W. Davis, solicitor general, and Charles S. Hamlin, assistant secretary of the treasury, together with a number of treasury and judicial appointments in California.

TOWNSEND ATTACKS THE TARIFF BILL

Says Progress and Prosperity Look With Disfavor Upon the Measure

COMMENTS ON LOBBY INQUIRY

Describes Origin of Underwood-Simmons Bill, Characterizing It as a "Thing Misshapen and Deformed."

Washington, July 28.—A division in the ranks of Republican Senators over the tariff revision fight became apparent today when nearly a dozen Progressive Republicans began a series of conferences to perfect substitute schedules that will be offered to the tariff bill under the leadership of Senators LaFollette and Cummins.

The Progressive Republican move has grown out of the belief of leading Senators identified with that faction that they would be unable to support Senator Smoot's substitute for the woolen tariff.

The Smoot substitute was prepared some time ago and introduced at the time the Democratic tariff bill came back from the Finance committee. The Progressive Republicans have practically agreed to center their fight about the LaFollette substitute in the hope that they can carry the balance of the Republican party with them and possibly some Democrats away from Wilson's "free wool plan."

Slow Progress on Bill.

Progress on the tariff bill was slow in the Senate today. Prepared speeches were made by Senators Townsend and Warren, Republicans, and short assaults occurred throughout the afternoon upon specific items which the Republicans held to be too radical reductions from existing laws.

The Progressive Republican forces so far have shown no disposition on the floor of the Senate to break with their Republican associates except in a few votes where they joined the Democrats in support of lower duties. The conferences which began today, however, are expected to solidify the Progressive element and to bring about a new alignment of the Republican forces. Senator LaFollette's cotton and wool substitutes and Senator Cummins' metal substitute, were under consideration in the conference today, and probably will be supported by the Progressives. It is expected that a substitute sugar tariff, similar to that which Senator Bristow succeeded in getting through the Senate in the last session of Congress, will have the Progressive strength behind it.

The Senate had completed the consideration of rates on chemicals, drugs, oils and like products today and had gotten started in the earthenware and glassware schedule when adjournment came tonight. Set speeches are to be made during the week by Senators Gronna, Thornton and others, but it is expected that the detailed consideration of the bill will be before the Senate almost continuously.

Washington, July 28.—Senator Townsend, of Michigan, in a speech in the Senate today characterized the Payne-Aldrich tariff law as the "Gettysburg where the factions of the Republican party were formed in battle array," that led to the triumph of the Democratic party, giving it an opportunity to write the pending tariff bill which he condemned.

"This bill," Senator Townsend said, "was conceived in hatred of the American policy of protection and brought forth in the darkness of the secret caucus chamber under the professional charge of one who has never had any experience in business obstetrics. Is it any wonder that the thing is misshapen and deformed? Is it any wonder American progress and prosperity look with disfavor upon it?"

Senator Townsend also criticised "executive interference" and "caucus domination."

Injecting comments on the lobby inquiry in the Senate and House, Senator Townsend said that criticism of improper action had been based upon unquestioned facts and not upon innuendo or falsehood and continued:

"Today as at all times in the past, the sensational is too prominently featured and too little attention given to the truth. Indeed, a saturnalia of abuse and misrepresentation seems to be reigning, and Congress has been stampeded into investigations of itself and the two Houses are struggling between themselves to get possession of self-convicted scoundrels who have capitalized for financial gain the existing disposition to abuse the National legislature. Too frequently investigating Congress become the instruments of partisan politics and contempt is thereby heaped upon the National legislature."

Business Disaster Predicted.

Referring to the fears of business disaster, the Senator declared:

"If business disaster prematurely comes, its coming will be due more to the oft-expressed fears of this administration than to any efforts by wicked business men who as patriots are expected to be happy the while their business is threatened with destruction and themselves with prosecution.

"There is one thing which stands out clearly at this time and that is this: The administration would be supremely happy if it was well assured that the condition of the country would be no worse than it is today. It has no real hope that things will be better; it justly fears they will be worse and it is looking everywhere for some scape goat for its own handiwork."

Senator Warren's Attack.

Senator Warren attacked a remark made several days ago by Senator Williams that the last election gave him authority for the statement that the people favored a tariff for revenue

"MATTY" MAKES CARDS COWER

Veteran Twirler at His Best in Four-hit Game—Seaton Won for Phil-s Cubs and Reds Batted Out Victories

"Big Six" Matty was at his best yesterday afternoon, holding the St. Louis Cardinals to four hits sprayed out over nine innings, and the Giant machine, running these days with the smoothness of a brand new electric motor, counted one more victory as a further argument in favor of the eternal fitness of the McGraw clan displaying the National League bunting throughout the season of 1914. The four hits dished out to the Cards were insufficient, with the grade of support given Matty, to furnish any reason for a tally on the local side of the score board, and the final count at the close of the conflict stood, Giants, 4; Cardinals, 0.

Tom Seaton, the veteran twirler of the Phillies, again came to the front with a good juicy win yesterday, defeating the Piratical Crew by a six to two score. The Phillies batted four Pirate pitchers for a total of 11 hits, while Seaton's delivery was combed for only a half dozen.

A farce pulled off at Chicago yesterday resulted in a nine to four victory for the locals over the Boston Braves.

Opportune batting by the Cincinnati Reds enabled them to win yesterday's contest from the Brooklyn Dodgers, by a seven to five score.

Matty at His Best

St. Louis, July 28.—Mathewson was at his best today, holding the locals to four scattered hits which failed to net them a run. New York won 4 to 0.

New York . . .100 001 200—4 6 3
St. Louis . . . .000000 000—0 4 2

Mathewson and Meyers, Wilson; Harmon, Doak and Wingo, Roberts. Time 1:45. Umpires, Brennan and Eason.

Tom Seaton Again

Pittsburgh, July 28.—Philadelphia hammered Pittsburgh pitchers this afternoon while Seaton pitched fine ball, the visitors winning 6 to 2.

Philadelphia . . .202 001 100—6 11 1
Pittsburgh . . .002 000 000—2 6 0

Seaton and Killifer; Camnitz, Adams, Cooper and Simon, Coleman. Time 1:37. Umpires, Rigler and Byron.

Reds Bat Opportunely

Cincinnati, July 28.—Cincinnati, by opportune batting, won from Brooklyn today 7 to 5. Miller played first base in place of Daubert who was out of the game with a weak ankle.

Brooklyn . . . .040 000 010—5 8 2
Cincinnati . . . .003 121 00x—7 10 3

Yingling, Allen, Stack and Fischer; Packard and Clark. Time 2:04. Umpires, O'Day and Emslie.

Farce at Chicago

Chicago, July 28.—Chicago and Boston gave a farcial exhibition of baseball today and at the finish the score stood 9 to 4 in favor of the locals.

Boston . . . . .010 001 002—4 9 2
Chicago . . . . .211 410 00x—9 11 2

Tyler, Noyes and Brown; Humphries and Bresnahan. Time 1:50. Umpires, Klem and Orth.

TENNIS MATCHES

California's New Pair of Stars Compete on Grass Courts

Chicago, July 28—Playing for the first time on grass courts, California's new pair of tennis stars, John Strachan and Clarence Griffin, fought their way through two rounds each in the Western championship today at Onwentsia. Strachan found more capable opponents than did his fellow townsman.

In Jerry Webber, of the Wanderers' Club of Chicago, Strachan, after the opening games of each set, returned victor 6-2 and 6-3. Webber made a gallant fight in the second set and won the first three games, but, playing the aggressive style characteristic of coast players, Strachan came back, won the next three weeks, all "love" and then took the next three.

Griffin defeated D. F. Wiley, of Evanston, in the opening match with practically no opposition on the part of the local man. The scores were 6-2, 6-0.

Half an hour later Griffin's business-like style had disposed of W. U. Knight, of Minneapolis, nearly as easily, 6-2, 6-1.

Kent McNeal, of Berwin, was Strachan's second victim, and in the second heat he gave the San Franciscoan a hard battle, only to lose. The scores were 6-1 and 6-3.

A. Lindauer, of Chicago, defeated J. D. Adone, of Dallas, 6-4, 4-6, 6-3.

WAS HUNTING CUSTOMERS.

Negro Arrested at Hamlet Was Taking Orders for Whiskey.

Hamlet, N. C., July 28.—Friday night, at the Seaboard depot here, Chief Braswell and Officer Malcom arrested a negro by the name of William Williams, of Petersburg, Va., who claimed to represent a wholesale liquor dealer of Petersburg. Williams was lavish in the distribution of whiskey advertisements and added his own personal endorsement to the brands sold by the Petersburg dealer.

When arrested he had in his possession two grips, which when searched proved to contain a liberal supply of whiskey. Many bottles had been sampled, and the grip was supplied with a number of drinking cups.

After spending the night in the city lockup Williams got into communication with his employer and a cash bond of $200 was wired to the mayor from Petersburg. He waived examination and was bound over to the September term of court, and left town, not waiting for his grips or for the next train, there seems a likelihood that the county school fund will be richer by $200 on account of the vigilance of the officers.

Williams stated that he had been in a majority of the towns in North Carolina soliciting orders for whiskey, and had not been molested.

Information has been received here of the escape from the county chain gang of Steve Propst, who was convicted in the Superior Court last week of selling cocaine and assault with a deadly weapon. He was sentenced for a period of 25 months, and had served less than a week of his time. The county is minus an able-bodied laborer and the road authorities are minus a very desperate character. A reward has been offered for his capture.

ASHEVILLE PLAYER SOLD

Pitcher of Carolina League Goes to the Detroit Team

Asheville, N. C., July 28.—Russell Betsill, of Enoree, S. C., a member of the pitching staff of the Asheville club, of the North Carolina League, was sold today to the Detroit club, of the American League. The price paid for the player has not been given out.

Betsill pitches and bats right-handed. He is 21 years of age and weighs 175 pounds. He has been a member of the Asheville team since the opening of the present session and for a short time last year was a member of the Spartanburg team, of the Carolina Association.

JOHNSON'S INJURY.

Washington Star Will Likely be Out All Week from Spiking of Friday.

Washington, July 28.—As a result of the injury with which Walter Johnson met in the game Friday, when Bert Shotten stepped on his ankle while in a close play at first base, it is doubtful if the Nationals' great pitcher will be able to take his regular turn on the rubber this week. Johnson, if he is well enough, would probably be pitched Tuesday, but it is doubtful if he will be able to take his turn. Johnson for the first time in years did not make his appearance at the ball park Saturday. He remained in his room at the Dewey hotel nursing a very sore ankle as a result of the spiking. The cut is right on the ankle bone and is causing him a lot of inconvenience and pain, and it may be that it will be a week before he will be able to pitch again.

FIRE AT ROSEBORO.

Hotel, Three Stores and Barber Shop Burned Sunday Morning.

(Special Star Correspondence.)

Roseboro, N. C., July 27.—Fire between 2 and 3 o'clock yesterday morning destroyed the hotel of Mrs. L. C. Fisher, in which it originated, together with the store and part of the stock of M. M. Hall; the store and a small amount of stock of A. E. Underwood; a vacant store belonging to Ezzell Bros., and the barber shop of Ira Turlington. The losses are pretty well covered by insurance, though Mrs. Fisher had allowed one policy of $500 on her property to lapse a few days ago.

NEW PITCHER REPORTS.

William Lathrop Goes With the Chicago White Sox.

Boston, July 28.—The Chicago White Sox, who are now in this city, acquired a new pitcher today when William Lathrop, for the past three years pitcher for the Notre Dame University nine, reported for duty.

BOEHLING'S STRING BROKEN

His Record Stands Eleven Straights, a Tie With the National League Record by Alexander—Other Games Postponed.

Joe Boehling, the Richmond wonder for Clarke Griffith's all-star aggregation of ball tossers, fell down on his attempt to establish a season's record for straight victories in the major leagues; a free trip to the initial bag issued to Al Shotten in the first inning, a single by Pratt and a home run by Williams, were good for three trips around, to which was added another tally by the Browns in the seventh inning. Until today, Boehling had participated in 11 games, but only 11 of which he had to account for, and had an unbroken string of 11 victories, equalling the National League record for the season, held by Grover Cleveland Alexander, of the Phillies.

All other matinees scheduled in the American League for yesterday were postponed on account of rain, and several double-headers may be pulled off this afternoon, the final day of the present stands for all the clubs.

The Senators by losing yesterday's game, while the Naps were observing a day of rest, slipped a notch, and are now two full games behind the Clevelanders, and 11 1-2 games removed from the Philadelphia Athletics.

Boehling's Best 11 Straight.

Washington, July 28.—A base on balls to Shotten, a single by Pratt and a home run by Williams, all in the first inning, proved Joe Boehling's undering in his attempt today to establish a season's record for straight victories in the major leagues. The final score was 4 to 1. Until today Boehling had not lost a game this season and his string of 11 straight wins stands as the American League record and ties that of the National League, held by Alexander, of Philadelphia.

EXPLODES "INSPIRED" CALL.

Vice President Thinks "Plow Corn" Misinterpreted for "Preach Christ."

Aurora, Ill., July 28.—"Too many persons who see the sign 'P. C.' in the Heavens think it means 'Preach Christ,' when it means 'Plow Corn'," said Vice President Thomas R. Marshall, in addressing 20,000 persons who had gathered at Moose Heart, Ill., to attend the laying of the cornerstone for a $5,000,000 industrial school and home for orphaned children and the aged. The institution is to be erected by the Loyal Order of the Moose.

"Out of the superior educational advantages of today," Vice President Marshall said, "one unhappy corollary has developed. A vast army of persons whose labors would make for Nation have conceived themselves fitted for fancied nobler pursuits, and thus the progress they would have made in the work they are fitted for is lost."

Governor Edward F. Dunne, of Illinois; Congressman I. C. Copley, of Aurora, Ill., and Ralph W. Edonges, of New Jersey, supreme dictator of the Moose organization, spoke at the cornerstone laying.

GRAND CIRCUIT RACE

Ideal Conditions Feature Contest at Grand Rapids

Grand Rapids, Mich., July 28.—Two broken records, a great crowd and ideal weather, featured the inauguration today of the Grand Rapids' third annual grand circuit race meeting. First Uhlan, driven by Trainer Doc Tanner, lowered all marks for Michigan tracks. Billings' great black gelding was started to lower the Comstock track record of 2.06 1-4, established by Dudie Archdale two years ago. He not only did this with ease but also bettered by three seconds the State record of 2.02 3-4, stepped by Hamburg Belle at Detroit four years ago. Uhlan's time was 1.59 3-4.

UNITED STATES WINS

World's Supremacy in Lawn Tennis Tests Over Britishers

Wimbledon, England, July 28.—World supremacy in lawn tennis rests with the United States. The struggle for the Dwight F. Davis trophy, emblematic of the international tennis championship, ended today on the Wimbledon courts in a victory for the United States, when Maurice E. Loughlin, the American singles champion, defeated Charles P. Dixon, the veteran English player, at 8-6, 6-3, 6-2.

The rules of the cup contest called for the best three in five matches, and the Americans previously having taken a match easy in the singles and the doubles were the winners of the coveted trophy when Dixon went down before McLoughlin, the score by matches being:

United States, 3; Great Britain, 1.

The Britishers had gained their only point when J. S. Parke, the Irish player, won a singles match from McLoughlin last week.

The official scores of the tournament, however, will read:

United States, 3; Great Britain, 2; for after the McLoughlin-Dixon match today R. Norris Williams, of Philadelphia, played his scheduled match with Parke, the Irishman winning after five sets, 6-2, 5-7, 5-7, 6-4, 6-2.

The Davis cup now goes back to the land of its donor after the most interesting fight for its possession since it first left home in 1903. The victory of the Americans today will be all the more memorable because it was the first time in the history of the cup that seven countries—the United States, Canada, Australia, South Africa, Germany, France and Belgium—competed in elimination matches for the honor of challenging the British holders.

Despite his loss in singles to Parke last Friday, McLoughlin generally is given the credit for lifting the cup. The dazzling, daring playing of the Californian and his sportsmanlike actions during the touranment so endeared him to the British followers of the game, that, in spite of the keen disappointment at the loss of the cup, the crowd which witnessed today's crucial match gave the Californian the spontaneous ovation usually reserved for home idols.

British tennis enthusiasts were confident that Dixon would make a supreme effort to defeat McLoughlin today.

The veteran English player made the effort, putting all the finesse and science of which he is master into the game; but his youthful opponent, after the first set, broke down his defense at every turn. The American at first appeared over-anxious, for the opening set the loss of one of his service games and inaccuracy of drives gave the Englishman enough aces to make a deuce set before victory perched upon the racquet of the Californian.

In the second set McLoughlin got into his stride and thenceforth treated the crowd to a quality of service and overhead strokes never before seen on the Wimbledon courts. British followers of tennis are depressed over the possibility of recovering the cup and freely predict it will remain in the United States for several years as there are no young players in sight to take the places of the veteran experts of whom Parke, the youngest, is over 30 years old.

Robert D. Wrenn, president of the United States Lawn Tennis Association, was highly elated over the success of the Americans.

The exhibition match won by Parke over Williams, was rather tame, neither man seemingly playing up to his best form and the American apparently not taking the contest as seriously as he would have done if the fate of the cup had depended on it.

AUTO POKER—NEW GAME.

Uniontown, Pa., Millionaires Furnish New Pastime.

Uniontown, Pa., July 28.—Following raids which have been made on all the gambling joints here, a new gambling device has been perfected and hundreds of dollars are won and lost in Main street, openly, by it every day. The new game is called auto-poker.

Uniontown is said to contain more millionaires than any other town of its size in the United States, and every millionaire has two or three automobiles. Nearly everybody else also has an automobile, and hands are formed from the license numbers on the cars, the same as if they were drawn from a pack of cards. After a number of cars have passed and their numbers tallied to the name of the players, the game is called and the player having the largest number of pairs wins the pot. As many as 15 players often sit in one game.

WHY DON'T COMMISSION ACT?

Some Surprise Because Corporation Commission Doesn't Recommend Offer of Railroads After Getting What It Asked.

(Special Star Correspondence.)

Raleigh, N. C., July 28.—The present week will see the report of the Corporation Commission on its final conference with the railroad traffic managers as to concessions to North Carolina shippers in inter-State freight rates completed and filed with Governor Craig to the end that he and the members of the Legislative Freight Rate Commission may determine as to whether they will recommend the adoption of the reductions proposed by the railroad officials or carry the fight into the special session of the Legislature in the hope of forcing the railroads to grant the full demands of the State authorities.

In view of the fact that the concessions made by the railroad officials are very close to the demands made by the Corporation Commission and other State authorities, there is some surprise being expressed that the Corporation Commission does not come out squarely with a recommendation that the proposition be accepted.

The State's demand was for 25 per cent reduction and the railroad companies propose as much as 28 per cent reduction on some of the most handled classes of freight, and the average is said to be very close to the 25 per cent. In fact, it is learned that the only classes of freight in which the railroads have not come to, or very close to, the demands of the State authorities are those on shipments of liquors and flour in wooden barrels. At the same time, it is a fact that there is very little flour shipped in wooden barrels and no one will say that North Carolina has any inclination to make a State fight on freight rates the main issue in which is a cut in the inter-State rate on whiskey shipments.

The railroad authorities assert that they have made all the concessions that can be made without upsetting the whole Southern scheme of freight rates and the reduction proposed will entail reductions in Tennessee, South Carolina and Georgia, and reductions to some Virginia points close to the North Carolina line. These will have to be made to conform to the Inter-State Commerce Commission regulations. Indeed, there are reductions to Asheville and other Western Carolina territory that will make lower rates than now prevail at Hagerstown, Md., and forcing readjustment to that point under the Inter-State Commerce Commission.

Secretary A. J. Maxwell and the office force of the Corporation Commission, will get to work Monday morning on the final marshaling of the rates and reductions proposed that will go into the detailed report to Governor Craig and this report to the Governor can be expected the latter part of the week. The rates will be worked out in zones and the final definite and detailed report will be awaited with keenest interest by people throughout the State.

"THE VALUE OF WOMAN"

Preacher Delivers Lecture on What She is Worth

(Special Star Correspondence.)

Kinston, N. C., July 28.—Rev. A. D. Wilcox, pastor of the Methodist church at Louisburg, N. C., lectured to a large audience in Loftin's opera house here tonight on "The Value of Woman." Mr. Wilcox has entered the pastorate only recently, but has long enjoyed fame as a lecturer. He is now engaged in woman education, and his lecture tonight was an expression of his estimate of woman. Yesterday Mr. Wilcox preached twice in Queen Street Methodist church by invitation of the pastor, Rev. F. S. Love.

Reports from various sections of Wayne, Duplin, Onslow and Jones counties concerning crop conditions are that there is a general improvement as a result of the heavy rains of the past two weeks. Corn is in excellent shape throughout the section. Between the rains there has been sufficient hot, dry weather to improve the stand of cotton, although the staple has not fully recovered from the backsets encountered early in the growing season. Tobacco is improving in quality, and none of the pessimism which developed early in the year regarding the crop now exists.

Charles Hoover, a white man about 36 years of age, who was arrested in Newbern Friday for the police here, is awaiting trial at Superior Court for selling whiskey. Hoover is said to have conducted a flourishing business in East Kinston until the police began watching him. When he became aware of this he immediately left and for some time remained in hiding. When his presence was located in Newbern a warrant was sent there for him.

VALUABLE NEWSPAPER FILES

Fayetteville Observer Covering Many Years Preserved for State

Maj. E. J. Hale, the well known Fayetteville editor, recently appointed minister to Costa Rica, has given to the State Historical Commission a set of bound volumes of the Fayetteville Observer while it was edited by the elder Hale, the major's father. The files are referred to by Major Hale as follows:

"The files were complete, when I went to England, 1835, up to and inclusive of the issue of March 11th, 1865, which later was handed out to the soldiers of Johnston's army, as they passed by the Observer office, cheering. But the issues from January to March 11th, 1865, were not bound, being in sheets waiting for completion of a volume. When I returned (1890), these sheets were missing. No doubt the custodian left in charge, in moving the files to the bank, failed to see that the unbound sheets were part of them. Now, however, I find that the last date in the volumes enumerated above is June 30th, 1864. There may be another bound volume (July 1st to December 31st, say, 1864), of the semi-weekly in the debris left over from the fire of 1908 in the Observer office and the three fires of 1909 at my residence (Halebron, Haymount). If so, that will be forwarded you. The bound files, I am sure, contained issues up to January, 1865.

"Again, when I went to England, the eight volumes from 1817 to 1825 were with the rest of the files, according to my recollection. Finding them gone on my return, and thinking that possibly my recollection was at fault, I made publication of the circumstance, with the result that Mr. Hamilton McMillan, of Red Springs, wrote to me that my recollection was not at fault, for he had several times had occasion to refer to the volumes between 1817 and 1825, while I was abroad, and that they were intact in the bank (which had kindly consented to house them in my absence.)

MILLION FOR GOOD ROADS

Wake County Starting Whirlwind Campaign to Issue Bonds for Better Highways—Governor's Party Today

(Special Star Correspondence.)

Raleigh, N. C., July 28.—The Central highway automobile party making the tour through the State from the Tennessee line to Morehead over the Central highway, is to arrive in Raleigh at noon Tuesday and a big goods roads rally is being worked up for the occasion.

The party will also stop at Auburn and Garner, in this county, for similar meetings, the keynote of which will be the voting of the million dollars bonds by Wake county for road building.

These meetings are intended to mark the beginning of a whirlwind campaign for good roads and the success of the bond election, which comes off in August. A number of the best men of the county have offered their services to get out into the campaign from now until the election in the interest of the bonds. Under the provisions of the bill there is to be no increase of taxes on account of the bond issue, the present road tax being applied to paying the interest and the creation of a sinking fund. Advocates of the measure realize that there is a hard and a close fight ahead of them.

The State's prison authorities will send this week the fifty convicts that are to be put to work on the seven miles of Hickory Nut Gap turnpike in compliance with an order recently made by the Governor and Council of State. The camp near Bat Cave for the convicts is being prepared and the route for the road laid out. It is estimated that seven months will be required to complete the work. The people of that section have raised $5,000 to provide material and otherwise further the work.

Gallop & Co., of Fayetteville, is chartered for a wholesale grocery business, capital $25,000 authorized and $5,000 subscribed by D. T. Gallop and others. There is also a charter for the C. L. Sharp Co., of Winston-Salem, capital $50,000 by C. L. Sharpe, Bradley L. Welfare and others for handling fruits.

FUNERAL OF MRS. HOLLAND.

Services at St. Matthew's Lutheran Church Yesterday Afternoon.

The funeral of Mrs. Mary E. Holland, who died at the family home, No. 1123 North Fourth street, Saturday afternoon, was held yesterday afternoon at 4:30 o'clock, from St. Matthew's English Lutheran church, of which the deceased was a devoted member, conducted by the pastor, Rev. G. W. McClanahan. The interment was at Bellevue cemetery. The services were attended by a large number of friends. There were many feautiful floral designs.

The pall bearers were Messrs. Martin Rathjen, Hans Kure, William Oterson, Jr., J. B. Elkins, G. S. Seitter and W. W. Koch.

BREAK CAMP TOMORROW.

Those Who Have Been Living in Tents at Carolina Leave for Homes

The Summer visitors to Carolina Beach who have been living in tents provided by Mr. Jas. G. Bailey, of Fort Caswell, will break camp tomorrow. They have enjoyed the pleasures of the beach for two weeks at relatively small expense, and are leaving with entire satisfaction and have many nice things to say of Mr. Bailey. Yesterday they sent Mr. H. L. Barrett, of Hamlet, to the city to purchase a handsome meerschaum pipe which will be presented to Mr. Bailey today, as a token of the appreciation of the campers. The tented city has been enjoyed by about 100 persons from seven different Southern States.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: Southern Realty & Development Company to M. J. Eisenhart, of Hamlet, for $150, lots 383 and 384, Lakeside Park; for $150 and other considerations, lot 229 and 230, Lakeside Park; N. R. Rowan and wife, for $10 and other considerations, lot 5, block 11, Carolina Place, same being on north side of Barnett avenue, 132 feet west of 21st street, 33x113 feet in size; V. Sidbury against B. P. Bethea and wife, for $1,000 and other considerations, lot on northeast corner of Sixth and Dawson streets, 38x100 feet in size.

War Garrison and party arrived in Los Angeles today on a tour of inspection of army posts along the Mexican border. The secretary will leave for San Diego tomorrow.

To Stop Scaling of Psoriasis

This Troublesome Skin Disease Promptly Checked by a very Simple Attention.

Classed with eczema, psoriasis has been considered one of the most obstinate of skin diseases.

A lady in Lexington, Ky., says that before she began using S. S. S. the disease broke out at frequent intervals where she thought it cured. But by getting her blood under control by the influence of S. S. S., psoriasis entirely disappeared and there was never again the slightest sign of it.

Like nearly all skin diseases, psoriasis is primarily due to impaired blood.

The skin is but a network of fine blood vessels. And it is a perfectly natural consequence that any influence in the blood that is a condition of ill health makes its first appearance in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or glandular activity to select from the blood or from this fine network of blood vessels in the skin, those elements which it requires for regeneration.

Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin, is met with the antidotal effect of S. S. S.

This is why skin troubles vanish so readily and why they do not return.

You can get S. S. S. in any drug store, but insist upon having it. Take no chance by permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a specialist freely, address the Medical Dept., The Swift Specific Company, 182 Swift Bldg., Atlanta, Ga.

EPWORTH LEAGUE SERVICE.

Interesting Missionary Programme at Fifth Street Church Sunday Night.

Instead of the usual preaching service at Fifth Street Methodist church Sunday night, the missionary department of the Epworth League had charge of the exercises. A missionary play in which the characters were dressed in the costumes of the different nations was given, and was very interesting and instructive to the large audience present. A special feature was the singing of missionary songs by a large choir of young ladies. The programme was gotten up under the direction of Miss May Landen, who has charge of the missionary department of the League. The pastor, Rev. G. T. Adams, made a short address on the missionary work of the Methodist church.

A Cat Curiosity.

Mr. Henry Richter, who lives at 609 Ann street, has something of a curiosity in the way of a kitten which has seven toes on each fore foot and five on each hind foot. The ordinary cat has only five on each fore foot and four on each hind foot, so that this cat has six additional toes with which to claw and fight.

RESINOL RELIEVED ITCHING AT ONCE

And Completely Cured Skin Humor.

Nov. 1, 1912.—"At first little red spots were seen on my arms and body, which I noticed were getting larger every day. They itched me so much that I scratched myself until I bled. There were times when I stood up all night and scratched. I was troubled about three weeks, during which time I used ——, which seemed to do me no good whatever. Then, finally, I thought of trying Resinol Soap and Resinol Ointment. As soon as I applied Resinol Ointment I felt much relief. After using it a few times, I noticed the sore spots slowly fading away, and in about a month I was cured." (Signed) Adolph Schoen, 742 Shepherd Ave., Brooklyn, N. Y.

The soothing, healing balsams in Resinol Ointment and Resinol Soap, penetrate every tiny pore of the skin, clearing it of all impurities, driving away eczema, rashes, ringworm, psoriasis, and other eruptions, and making pimples and blackheads impossible. Prescribed by physicians for eighteen years. For free samples write to Dept. 16-M, Resinol, Baltimore, Md. Every druggist sells Resinol Ointment (in opal jars, 50c and $1.00) and Resinol Soap (25c per cake).

Your income may slip up on a banana peel.

A broken leg may send you to bed for months; and, as a consequence, your salary may be temporarily discontinued.

You fully appreciate what this would mean to those dependent upon you for support.

An Ocean Accident Policy will provide you with an income during the time you are disabled; and if you should die from your injuries there'll be a cash indemnity of $5,000, $10,000 or $15,000 for your beneficiary.

It's a comfortable feeling to know that there'll be ready money to meet expenses.

The cost is extremely reasonable.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months; $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable, and all communications should be addressed to,
THE WILMINGTON STAR CO.,
Wilmington, N. C.

Tuesday, July 29, 1913.

"In conscience free; in purse clear", would describe it, too.

The effort to get back to first principles has extended to dress.

The way bill collectors talk you'd think paying bills had gone out of fashion this Summer.

Of course, there are other breezes, but a breeze down here makes the impression that it is the only thing of its kind on earth.

We are making progress if instead of a strike by 80,000 railroad men, we can arbitrate differences and settle the thing peaceably.

Won't somebody please write a popular song on the idea of North Carolina leading the way when the parade starts through the Panama Canal?

Talking about paying school teachers more—in Georgia the country school teachers haven't been paid anything at all for seven months.

The Governor of Georgia appeals to the press to aid him in carrying out needed reforms. The Governor in South Carolina tells the press to go to, or words to that effect.

"Where was the Garden of Eden?" asks a perplexed contemporary. Seach us; but Eve is everywhere, handing apples and lemons to well-meaning but spineless Adams.

Doubtless the Virginians think that the Tar Heels are first, farthest and last at the pie counter, also, though it must be said that in the rush they didn't get a chance to step on anybody's back.

Secretary Daniels and the Charlotte Observer agree that the women won't play smash with things when they get the ballot; and they are equally certain not to smash things trying to get it—in America.

In spite of the inroads upon their business by the parcel post, the express companies' receipts in the last nine months show an increase. The United States Express gained $696,000 over the same period in 1912, and the Wells-Fargo increased over $2,500,000.

Most assuredly there should be a picture of William A. Graham, North Carolina's other Secretary of the Navy, in the office of the Secretary at Washington. Another little item that we have neglected which should have had attention years ago.

Under prohibition the moonshine product has become more wonderful and more fearful. A Rockingham county man reports that he was chased by a panther. Some of these nights a whole tribe of Yemassee Indians will get after the fellow who dares to trifle over long with the lightning while it is white and giveth forth suds.

Under the circumstances we suppose President Wilson could hardly get around making his appointment of the colored man. Cleveland did it and of course Republican Presidents have done it all along; but if a Democratic President has to appoint negroes, he might give them positions where they would not be in authority over white employes.

One tells us that all this Mulhall business is simply a frame-up to delay the passage of the tariff and absorb public attention. Another says that the Mexican war talk is for the purpose of preventing tariff and currency legislation. They forget there is a schoolmaster in the White House who is wise to all the dodges that accompany disposition to shirk a lesson.

A good many years ago when Representative Heflin, of Alabama, first broke into the National circle, the Charlotte Observer had an editorial headed "Muzzle the Heflins"! That is today the war cry of the American Woman Suffrage Association. In a Washington pulpit Sunday Mr. Heflin delivered himself of the following: "Suffragettes are unmarried female fanatics. Suffragetters are unhappy, discontented married women. Suffragettor, the male suffragette, is a feeble-minded suffrotescent creature."

Graham Crackers are wholesome. They are nourishing. They are palatable and appetizing. Just ask your grocer for a package of

NATIONAL BISCUIT COMPANY

GRAHAM CRACKERS

and find out how good they are. Give them to the children—they can't get enough of them. Keep a few packages on the pantry shelf for daily use. Always look for the In-er-seal Trade Mark.

10c

GOVERNMENT TO TAKE A HAND

Washington dispatches say that Attorney General McReynolds "is very much impressed" with information concerning the Cape Fear & Yadkin Valley Railroad case, furnished him by Attorney Brooks, of Greensboro, with reference to the dismemberment of the old railroad and it is "freely predicted" around Washington that he will within a short time institute suit to restore the road to its former status and throw open competitive freight and passenger service to the State as served by the road.

The C. F. & Y. V., like the Atlantic & North Carolina, the North Carolina and the Western North Carolina railroads, was built with the idea of linking the mountain country with the sea, furnishing the people of the State easy facilities for the interchange of products. It was a splendid conception—building these roads for the development of North Carolina, but no dream ever fell so far short of realization in the sense that the roads would be operated for the sole benefit of the people. They have developed, it is true; but today they are all operated by alien interests and are merely sections of vast systems which have maintained all these years the rates against which the State is now rebelling with such determination.

It is predicted that if the proposed suit by the Federal government is carried through successfully, it would have a great influence on the settlement of the freight rate matter, and would give Wilmington the same consideration as is given Norfolk by reason of water competition. We are "bottled up," as it is. Anything that will make for opening a way out of Wilmington and into Wilmington, should be welcomed.

EASTERN PANAMA EXPOSITION.

The Atlantic coast has shown nothing like the interest in the Panama Canal and its possibilities that the Pacific coast has been showing "from the word go." Every port on that coast has been alive and jumping since the very first. They secured the exposition celebrating the completion of the canal, and one city, San Diego, losing the location to San Francisco, went to work and has raised millions for an exposition of its own. Harbor improvements of all kinds have been occupying the attention of all those ports, and facilities for handling a greatly augmented ocean commerce have been a paramount issue for several years. With characteristic Western energy, the Pacific coast has been on the job.

The Atlantic coast, while not asleep, is nearly so. It needs waking up, and an exposition on the Atlantic side certainly ought to be held. And there is certainly no more logical site for it than the North Carolina coast—our own coast, which is nearer the ocean highways than that of any other Atlantic State, and about midway between the canal and the great Eastern ports. Having never attempted anything on so huge a scale, and with the Jamestown affair before us, the proposition that we swing such an enterprise very naturally is a bit appalling. But nobody can say we can't do it. There is absolutely nothing wrong with the idea. If successfully handled there is no way of estimating the beneficial results for North Carolina, and this city. It is a proposition worthy of the attention of our biggest men.

FOOD IN HOT WEATHER

One way to get through the heated season with a minimum of discomfort is to give ear to the dietetists. They advise that we should avoid heating foods—meats, for instance. A vegetable diet is urged. The "yarb" doctor of the Kansas City Star carries the subject still farther and explains the value of vegetables as medicine. He tells us that apples, carrots and Brazil nuts are excellent for sufferers from constipation. Asparagus stimulates the kidneys. Bananas are good for "mis'ry in the chist." Beets will fatten, as will potatoes. Celery and onions are good nerve tonics, though the last named should be eschewed if one is billed for a tete-a-tete. Cranberries have astringent properties and tend to correct an inactive liver, made so by over-eating. Dates have nourishment and prevent constipation. Grape juice, far-famed beverage of impecunious diplomats, is a laxative. Honey is a good substitute for cod liver oil, and should be given a cordial welcome for that reason. Lemon juice is fine for anything, but is especially good for a gargle for sore throat. Pineapple is also good for throat troubles and has been declared a cure for diphtheria. Lettuce and onions, containing soothing qualities, are excellent for insomnia and jangling nerves. Onions are likewise good for colds. Parsnips and sarsasparilla and water cress are good for the blood and tone up the system, and tomatoes, while bad for gout, are good for a topid liver. Grape fruit has many medicinal properties.

REMOVES BAR TO PROGRESS.

The requirement of the Constitution that a majority of the qualified, or registered, voters approve a bond issue or special tax has often defeated progressive propositions and has proved more than once a very effective bar to progress. There has been no opportunity to change the requirement until now, but the time has at last come. One of the features of the proposed new Constitution is that only a majority of the actual voters in an election be necessary to approve bonds or special tax. This amendment should have easy sailing through the Legislature and be given an overwhelming vote by the people at the polls. At the time the present Constitution was made, it was probably necessary to have such a requirement, but in this day it is wholly unnecessary. It is impossible now to spring a bond issue without everybody knowing all about it, to the smallest detail. If the amendment carries, the voter who opposes a measure to obtain money for improvements can not register and dismiss the matter from his mind, knowing that his simple act of registering is all that he has to do to vote against it. He will have to go to the polls and vote, and the burden is shifted from the already overloaded backs of the progressive element in a community. A bar to progress is removed and any given issue is left as it ought to be left, to a clear-cut question of majority.

SHAPING THINGS UP.

It is now pretty evident that Mr. Josiah William Bailey will be collector in the Eastern district, if he wants the place, and that he will be appointed as soon as he says the word. The collectorship is at the disposal of the President at any time. It is equally certain that Col. W. T. Dortch will be marshal, and that he can have it when the Attorney General consents to remove Mr. Dockery, and Senator Simmons has asked that this be done. This leaves the office of district attorney to Francis D. Winston, Esq., and there seems no doubt about his being named, but there will be some little time before the incumbent, H. F. Seawell, Esq., of Carthage, is removed. His time doesn't expire until some time next year, and there is evident no great desire for speedy action. District Attorney Holton in the West will also hold on awhile. The Department of Justice is not eager to displace men who have cases of importance in hand, and we are told that it may be a matter of several months before Mr. Holton is asked to resign. Senator Overman has asked that he be displaced, and it seems to us pretty certain that State Chairman Webb will be named to succeed him.

LO, THE POOR FARMER!

Discussing the pitiable condition of the farmer, the Oklahoma City Times paints the following picture of him and his desperate plight:

"All in the world the poor farmer has to subsist upon is beef, bacon, ham, Spring chicken, mutton, green corn, any kind of bread he wants, pies and cakes, apples, molasses, preserves, canned fruit, grapes, berries and just a little stuff of that kind. The food he eats is not guaranteed under the pure food and drug act of course, but he manages in some way to subsist upon it. The fruit has not been set out in uncovered boxes so that it will accumulate the dust from the street and acquire in that way an additional flavor, but the farmer has to get along with it."

And on top of that, Congress has gone and framed up a tariff that lets in everything the farmer particularly needs, duty free. Truly his lot is a hard one, and he should worry!

A girl of 13 years, examined at the Marine Hospital here last week, in the medical examination of school children now being conducted by Dr. Stiles and his associates, showed "the phenomenal memory span of 10," and the experts tell us that in a business man, a "span" of that extent is worth at least $15,000 a year, in the estimation of psychologists.

High Point people have taken over the $100,000 bond issue of their city at par. Now let Wilmington step up and take over our $75,000 issue for sale next month.

Howard Elliott, the new head of the New Haven, looks more like a railroader than a stock jobber.

TOWN VERSUS THE COUNTY

Captain McNeill, of Fayetteville, Presents Questions for the Municipal Meeting Here Nevt Month—The Details.

The following is from the Fayetteville Observer of the 26th:

As chairman of the legislative committee of the State Municipal Association, it will be my duty, when we meet next month at Wrightsville, to impress upon every city official in the State the importance of securing the repeal of the proviso in Section 31, of our Revenue Act, that exempts every "practicing lawyer, physician, dentist, oculist, optician, veterinary surgeon," etc., from the payment of any privilege taxes in the towns and cities in which they may live, while every other citizen who is engaged in the industrial and commercial walks of life is compelled to pay privilege taxes for the privilege of doing business in the city and enjoying its community advantages.

In previous communications, both in The Observer and other State papers, I have tried to plainly and intelligently show the manifest injustice of this proviso, and have courteously asked some of the beneficiaries of this exemption to show some reason why this section should not be repealed. Thus far, however, I have never had any response. Now, as the acts of a public official, especially that of a member of the Legislature, are fair and legitimate subjects of criticism, and as I have voted for a number of my legal friends to represent myself and the other citizens of Fayetteville in the General Assembly, I am now respectfully asking some one or all of them to explain why they voted for his provision to exempt themselves, and left those who have to make their living by their labor to bear the burdens of municipal government?

I hope that I am too fair-minded, too free from malice, envy, jealousy or anything like class prejudice to advocate anything to the injury of any man or set of men. If I am wrong in this matter, then I sincerely want some one to show me my error. Prove my error, and I will never again advocate the repeal of this exemption, but will taffe off my hat and congratulate my professional friends upon their "special priviliges."

Surely I am entitled to this courtesy, both from the standpoint of a constituent, a citizen, an ex-mayor and a man deeply interested in the welfare of his city, county and State. I, therefore, again ask some one of the friends of this statute to prove that it is right and proper, so that I may not advocate a wrong in a public convention.

Now, just a few words, Mr. Editor, in regard to the proper disposition of the costs, fines, forfeitures and penalties imposed for violation of city ordinances. When I assumed the duties of mayor of this city, in 1910, I tried to thoroughly inform myself as to my duties and responsibilities. First, I carefully read the constitution of the State, which I had sworn to uphold; next, the State Revenue Act and the city charter. I found the constitution to plainly say "That all fines, forfeitures, penalties, etc., in violation of the military or penal laws of the State should go to the county school fund." (Please note the words, "military or penal laws.") The State Revenue Act says "That all fines," etc., in "behalf of the State" (amrk the word State) shall go to the county," etc. The city charter, which I had also sworn to uphold, made it my duty and gave me the right to try all cases in violation of the ordinances of the city. One of my first acts was to get rid of every State warrant in the mayor's office, and have new ones printed. "City of Fayetteville vs. the defendant." (No State about it.) As mayor of the city, I tried all cases that were brought before me by the police force of the city, and paid into the city treasury every fine that was imposed for violation of the city ordinances, at the same time paying into the county treasury all fines imposed for any violation of State laws, such as "assault with a deadly weapon, violation of the prohibition law" etc. I pursued this course during my entire two terms, and was told by two Superior Court judges and some mighty good lawyers that I was doing the proper thing. More than that, I openly stated that I was doing in an open session of the State association, the Governor of the State being present and hearing my address.

The present Recorder, owing his appointment entirely to the county, the civic authorities or the citizens of Fayetteville having no voice in his selection, quite naturally issues his warrants in the name of the State, and is, therefore, justified in turning the receipts of his court, including those imposed for violation of city ordinances, into the county treasury, to the serious detriment of the city's finances.

The fatal mistake was made, in the creation of a county court, to usurp the functions of a chartered city court, without repealing those sections of the city charter that established its own courts, provided for its own procedure, and, in my opinion, is today the only proper tribunal in which to adjudicate all violations of the ordinances of the city.

I have always believed that it was right and lawful that when a city passed its own ordinances, enforced them with its own police force, adjudicate them in its own courts, satisfactorily without any recourse whatever to the State, it was entitled to all of the receipts of such a court, to help defray the expense of maintaining law and order within its corporate limits. At any rate, I backed my judgment by my official acts, and an official opinion of Attorney General Bickett practically says that I was right in so doing.

Respectfully,
JAS. D. M'NEILL.

MR. PEARSALL WRITES

Fruits and the Possibilities of the Peach—Old-time Rations

Rocky Point, N. C., July 28.—Since the advent of July the weather has not been so sizzling hot. Last Saturday night a heavy wind and an electric storm prostrated many monarch oaks in groves; fowl houses and other shelters were blown over or tilted out of line. The crop outlook is not at all good. Cotton continues to look "red-shanked" and is generally "green-flanked." The melon crop will be melancholy and the melons are small and not sweet at all. Peaches and apples nearly all shedded off.

There seems to be a nice crop of scuppernongs, Meisch, Thomas and James grapes on the way. Your correspondent was recently shown samples of the old Indian free-stone peach, a most delicious fruit that is now extremely scarce. We have always taken a good deal of notice of fruits and believe the Georgia Elberta is a seedling of this variety—there's a similarity in taste.

Away back in boyhood days we generally went on Saturdays to the mill pond a-fishing—came home with the usual fisherman's luck—wet pants, hungry enough for any kind of food—and to find temptingly displayed on the long dining table a dinner like this: cornbread baked in the fireplace, ham and Kentucky Wonder snap beans, butter beans, new-baked sweet potatoes, smothered chicken (Spring), home-grown rice, creamed potatoes, buttermilk, beaten biscuit and last but not least, here's that connection you were looking for, Indian peach dumplings, with butter and sugar sauce, flavored with nutmeg and peach brandy. That was all and that was enough. Talk about your strawberry, peach and cherry creams, they can't touch a peach dumpling with a forty-foot pole, and the boy who went a-fishing forgot his little string of brook cats and eels.

Coming down to the first subject, however, our good friend, Editor Whitehead, of the Truckers' Journal, claims that peaches can be raised to perfection in all this little neck of the woods, known as Onslow, Pender, New Hanover, etc. Now, we have positive knowledge of the fruit prospect and output for the last 10 or 15 years and do say that for early peaches, apples, pears and grapes, we have never seen an entire failure. In fact, often they are ripe and gone before we read of Georgia shipping her famous early peaches. Years ago a profitable early peach orchard was conducted at Hampstead when the fruit had to be hauled to Castle Haynes and Wilmington, and before the newer and earlier varieties were known. Mr. W. A. Brown is now experimenting with a large commercial apple orchard known as the Yellow Transparent. There is no doubting the case that if there the same care were bestowed on the larger fruits and leave the strawberry-sick soil to recuperate, there might be something in it for the grower who grudingly plants a few grape vines and peaches on the ditch banks so as to not interfere with the berries.

Some day not in the far distance we hope to see our good "usufruct" friend, Col. "Tawm" Clawson, of The Star, riding out and taking a quiet, calm survey of the useful fruits as they hang from the boughs of trees on the highways and byways of eastern North Carolina, as they grow on the good roads of Germany, France, Italy and other foreign countries.

E. D. PEARSALL.

CUTS THROAT FROM EAR TO EAR.

Dr. McPherson Suicide at Haw River. Arthur England Dies.

(Special Star Telegram.)

Greensboro, N. C., July 28.—Dr. John W. McPherson, of Haw River, committed suicide at his father's home at Liberty early this morning, using a razor in cutting his throat from ear to ear, in his father's presence. His widow had separated herself from him several weeks ago on account of his infidelity, and was living here with her parents. McPherson once enjoyed a good practice in Haw River, but by dissipation had ruined his business.

Governor Craig and his party from Western North Carolina arrived here tonight en route to the North Carolina Good Roads Convention at Morehead City, over the Central highway. An informal reception was tendered the party at a local club.

Arthur L. England, who attempted suicide two weeks ago by shooting himself through the body, died in St. Leo's Hospital today after having lingered several days between life and death. A girl-wife and small child survive. Financial obligations were responsible for his rash act.

The Farmer's Prosperity.

During the past ten years the Farmers of the country have come into their own. They have grown somewhat larger crops by intensive methods, but the real reason of their prosperity is that they have handled their affairs more carefully and have become Business Men as well as Farmers.

A prime requisite in the proper handling of a Farmer's business is a checking account at the Bank. No merchant would try to conduct his business without a checking account, and no Farmer should try to do so.

A Sensation In Wilmington!

AFTER months and months of successful campaigning we have reached Wilmington. We have brought here the greatest marvel of the age. If you have read, you have seen it advertised; if you have visited the nearby towns you have heard of it, and if you want something good to eat, you will buy it. What is it? It's nothing more or less than

SENSATION
Self-Rising FLOUR

Guaranteed to make a perfect biscuit. Contains only soda, salt and leavening phosphate, and only requires water and lard to make the best biscuit that ever touched the human palate. It's the 200 horse power, 1914 model flour, the eighth wonder of the world, and the progressive flour for progressive people. Ask your grocer.

MADAME MELEAN HAS GONE

Fortune Teller is Missing, So is Some $3,000 or $4,000, Say Police—Search Will be Made for Her at Once

Melean, the veiled prophet, chaivoyant and psychic palmist, the woman of strange powers, whose name has appeared in large advertisements in the daily papers for the past three months, is missing. With her is said to have gone some $3,000 or $4,000—probably more—belonging to 25 or more of the gullible of Wilmington.

This is the story that was given out by Chief of Police Williams last night, following complaint made to him early in the day by a well known citizen who had contributed the neat little sum of $130. He will today swear out a warrant for the woman charging her with fraud, but he has small chance of ever seeing her again and so far as his money is concerned—well, he just knows he will never recover it and his only purpose in taking up the matter at all is revenge, it is said.

The renowned clairvoyant may be by this time thousands of miles away. Chief Williams believes she is. He has reasoned it out that she has "hit the grit" for some point out West, or equally as far South or North, where she will open "shop" again under some other high-sounding name and rake in some more of the coin, then go on to the next place, always keeping the distance between the two places in which she sojourns great enough to make detection unlikely.

Some three months ago Melean came here and began inserting advertisements in the local papers telling of her wonderful powers as a clairvoyant and pyschic palmist. She was then located at the corner of Third and Market streets, the northwest corner. She had a few visitors, but they did not come in any great numbers. She secured a house at No. 106 North Fourth street. She was at this address about two months. Visitors became more numerous and to all appearances she was doing a good business even at 50 cents and $1 a reading.

Now Melean stands pre-eminent as a business adviser—so she says—and claims to tell a person more about his or her own business than they ever dreamed of themselves. It was her pretended power as a business guide that proved the undoing of as many Wilmingtonians, according to the police. They came to her, those who had a few hundred dollars and were anxious to increase the pile rapidly, just how many will probably never be known, but Chief Williams stated last night that he had been informed that at least 25 or 30 had left with her from $100 to $150. She was to sleep over the money for two nights and think over it for two days then her great power would manifest itself and she could see how the owner could invest it so it would bring him returns several fold. According to the police she would keep the money for the required length of time, then return it to the owner, giving only a half satisfactory explanation, saying it was not just clear to her, but perhaps she would undertake it again later. She would always give a receipt for the money left in her care. Soon the person, whose interest had been aroused and whose confidence in the woman by now would eb absolute, would return money to be slept over for another period. This was kept up in case of one person for three times—now he is looking for his money. The theory of the police is that in the meantime she was getting the confidence of others, planning the while to make one grand scoop, which, they assert, was made Sunday morning, when she is supposed to have gone away with several thousand dollars belonging to others—all men, so far as the records at police headquarters now disclose. There may be some women who were duped, but if there are they have not become known to the lice.

It was an old game, and has been worked many times before in other cities and in other places and, perhaps, even in Wilmington. There were some here who were suspicious but as one man expressed it last night, she appeared to have such an angel-like character that it was hard, very hard, to believe that she had any intentions in mind except to help her fellowman. She had all the appearance of being a woman of the highest honesty and the most upright character.

ENLARGEMENT OF PLANT

North Carolina Cotton Oil Company Will Increase Its Output of Fertilizer—New Building Being Erected.

The North Carolina Cotton Oil Company, located above Hilton, is arranging to greatly increase its fertilizer plant, and has awarded to Mr. C. B. West, of Greenville, N. C., the contract for the erection of a building said to be larger than any building now used by the company in this city. Work has already started or will be in a few days and the building will be pushed to rapid completion.

Mr. Henry Bowden, the manager, when asked yesterday afternoon as to the plans of the company, admitted that Mr. West had been awarded the contract for the erection of a building larger than any on the premises and that the same would be used for the manufacture of fertilizers, but he would not give out any further information, on the ground that it would not be consistent with the policy of the corporation with regard to publicity. He had no objection of course to the publication of any information, right or wrong, that the reporter might learn from street talk. Mr. Bowden later stated that he did not feel authorized to speak on the plans of the company, knowing but little about them, but that he expected a man here last night who could tell more about the enlargement of the business.

However, it is understood from what Mr. Bowden would admit and from street talk that the North Carolina Cotton Oil Company has decided to materially increase its fertilizer plant in this city and will be ready to begin operations on the enlarged scale just as soon as the building is completed and the machinery placed.

WARRANT OF ATTACHMENT

Suit Instituted in Superior Court by Former Owners of Ocean Fisheries Against Present Owners of Stock.

There was a new development yesterday in the failure of the Ocean Fisheries Company, recently placed in the hands of a receiver, when suit was instituted in Superior Court by Messrs. M. W. Divine, M. J. Corbett, C. C. Chadbourn, former owners of a major portion of the stock, against the Carters Creek Fish & Guano Co., of Virginia, which some months ago purchased from the plaintiffs 600 of the 700-odd shares of stock of the company. A warrant of attachment was issued on affidavit of the plaintiffs and served on a Mr. Messick, who is now in charge of the plant.

It is set forth in the affidavit that the defendant company is indebted to the plaintiffs in the sum of $22,000 with interest from March 23rd, 1913, which said indebtedness is evidenced by two promissory notes each bearing date of March 14th, 1912. On one $7,000 has been paid and also interest in full on both, so the balance claimed is $22,000 over and above all offsets and counterclaims of the defendant company. It is set forth in the affidavit that the notes were given the plaintiffs in part payment of the purchase money of 600 shares of the capchase money of 600 shares of the cap Company.

Notice was issued by the Clerk of Superior Court to the officers of the company to appear in court on Monday, September 8th, 1913, and answer as to the effects they have or had in their hands belonging to the said defendant at the time of the service of the warrant of attachment, and also as to the effects or debts of the defendant there are in the hands of other persons.

The plaintiffs are represented by ex-Judge E. K. Bryan.

It will be recalled that two or three weeks ago Mr. M. W. Divine was appointed receiver of the company upon petition of The Corbett Company, which had a claim of something over $300 against the company. The receivership was made permanent at the hearing last week. The indebtedness of the company was reported by the receiver to be $110,000 with assets far below this amount if sold at this time.

A. C. L. SPENDS HALF MILLION.

Buys Valuable Property in Richmond for Freight Terminals

Yesterday's Richmond Times-Dispatch had the following:

"The Atlantic Coast Line Railroad Company has purchased, at a cost of nearly half a million dollars, property immediately adjoining its present freight yards, extending south to the banks of the Virginia Railway and Power Company's raceway, and covering the two blocks between Seventh and Ninth streets.

"While the company officials refuse to disclose the company's plans, it is known that the sales have actually been consummated, and the property, it is said, will be utilized in the construction of a huge freight terminal in the heart of the manufacturing district.

"The company has been extremely active in the past few years in acquiring and improving property in and around Richmond. In the past few months the South Richmond yards have been greatly enlarged, while the laying of the new belt line, with connections at Falling Creek, will add many miles to the yard limits. All of these improvements, it is said, are taken as an indication that the company is contemplating transferring its general freight offices to this city, and making Richmond the headquarters of the line."

NEW PHYSICAL DIRECTOR.

Mr. J. B. Seitters, of Wheeling, W. Va., Selected for Place.

Announcement was made yesterday that Mr. J. B. Seitters, of Wheeling, W. Va., had been selected as the physical director of the Y. M. C. A. to begin his new duties with the resumption of the work of the association on September 1st, when the handsome new building on Market street, next east of the Colonial Inn, will be ready for occupancy. Mr. Seitters is a graduate of the Chicago Training School for gymnasts and was for two years with the Detroit, Mich., association, and for the past year with the Wheeling, W. Va., association. He comes to Wilmington highly recommended and the local association considers itself fortunate in being able to secure him for the work.

Orders have been placed for practically all the equipment and furnishings that will be needed in the new building, amounting all told to about $10,000.

The officers of the association will select the boys' secretary today or tomorrow, it is expected. From now until September 1st the officers will be busy with plans for resuming the work on the larger scale.

BOARD OF EDUCATION.

Building Sites Again Discussed at a Meeting Yesterday Afternoon.

The Board of Education had a meeting yesterday afternoon to consider building sites for the new school buildings in the northern and southern part of Wilmington. The members of the board, J. O. Carr, Esq., chairman, and Messrs. John G. L. Gieschen and B. Solomon, attended the meeting.

Several persons appeared before the board to make suggestions as to the location of the school buildings.

The board considered a great number of lots in each end of the city, but reserved decision until later. The chief difficulty in acting now is due to the fact that the bonds that were recently voted have not yet been sold, and no contract can be made until they are disposed of. The board is endeavoring to work out a plan by which it can proceed with its work pending the sale of the bonds and hope within a few days to be able to make definite announcement as to what will be done.

A delegation of colored people of the city appeared before the board and requested that better provision be made for them. They presented their request in a very modest and unassuming manner. Several school committeemen were appointed by the board to fill vacancies caused by resignation.

Suit for Damages.

Suit was started in Superior Court yesterday by Edgar DeBerniere, colored, by his next friend, William DeBerniere, against the Seaboard Air Line Railway. It is an action for $5,000 alleged damages for injuries received when a bag of fertilizer fell upon him at one of the local warehouses in May of this year. His right leg was broken and his left knee was injured, it is alleged. Ricaud & Jones appear for the plaintiff.

SEVERAL ROAD SENTENCES

Recorder Had Long List of Cases on Docket Yesterday Morning—Many Up for Violation of Automobile Ordinance

The Recorder had a busy session yesterday and many cases were disposed of. Nathaniel Ballard, colored, was given 12 months on the roads on the charge of stealing a pair of shoes from Mercer & Evans Co. Guy Nixon, colored, was given three months for assisting another negro, who has not yet been found, in stealing another pair from the same firm. The scheme worked by the negroes, it seems, was to have two come into the store, and while the salesman was busy in fitting a pair on one of the negroes the other would steal a pair of shoes, hide it under his coat and walk away.

Joe Allen, colored, was sent to the roads for six months for beating his wife, Cela Allen. His wife was fined $25 and the costs. It seems that they have been having trouble for some time, and it had reached a stage where the noise made by them in their disputes caused considerable annoyance to their neighbors.

Raleigh Anstron, colored, was fined $5 and the costs for striking Charlie Evans, colored. Charlie Evans and John Williams, both colored, were each fined $5 for engaging in an affray on the streets. Dawson Davis, colored, who was charged with assaulting Carrie Newkirk, colored, with a knife, was found not guilty.

Albert Kellum, white, who was charged with the larceny of a government boat, was discharged. The boat alleged to have been stolen is used by Mr. W. J. Mintz, a lighthouse keeper on the river, and was first missed Sunday morning. He and several men went down the river Sunday, according to his statement, and found the boat at Kag's Island. The only white person they found at the island was Kellum. When Mr. Mintz questioned him about the boat he stated that a man named George Davis had borrowed the boat from Tom Gore in Wilmington.

Kellum testified in his own behalf that he was employed about 10 days ago to run a boat belonging to George Davis and H. A. Moore. They carried a number of people to Southport and on their way back ran against some obstacle in the river sinking it near the island. He stated that they came up the river Friday night in a skiff, and that George Davis sent him up town early Friday morning to purchase groceries and told him to return to the dock at foot of Queen street where he would have a boat which he expected to borrow from Tom Gore, his friend.

He met Davis, he stated, at the foot of Queen street, and they returned to Kag's Island in the boat which Mr. Mintz found Sunday to be his and which had been taken from its moorings near the creosote works. He stated that Davis had returned to Wilmington Saturday night.

Ross Kennedy, for whom a capias was issued last week, was given until this morning to leave the city. Kennedy was found guilty of selling whiskey several months ago, and sentenced to serve 12 months on the county roads. Judgment was suspended upon his agreeing to leave the city. Recently he returned and a capias was issued for him.

Automobile Licenses

A nol pros with leave was taken in the cases against the following automobilists for failure to secure chauffeur's license: J. M. Hall, W. M. Bellamy, Albert Hewlett, A. McCausley, T. D. Piner, F. A. Williamson, C. H. Bornemann, R. R. Stone, Jr., L. Parker, Dr. T. M. Green, W. L. Moore, A. B. Darden, M. L. Starkey, J. N. Huske, S. G. MacMillan, C. E. Taylor, Jr., S. J. Springer, G. T. Flynn, Dr. F. H. Russell. It appeared that they had secured licenses.

The Recorder announced that he would give chauffeurs until Wednesday to secure licenses, and if after that time there were any arrests made for violation of the city ordinance they would be dealt with as the law directs. The law states that all who run automobiles upon the streets must have chauffeur's license. This applies to those living outside the city, as well as those residing within the city limits, if they run antomobiles inside the city. It does not apply to those coming from a distance in automobiles provided they are in the city temporarily.

The city clerk was kept busy yesterday issuing the licenses. There have been 148 licenses issued so far, and it is estimated that there are at least 150 others who are required to have licenses. The license fee is $1, and before being issued the Mayor is required to pass upon the competency of the person applying for the license to run an automobile.

The case against J. E. Cowell, charged with keeping a barber shop open on Sunday in violation of the city ordinance was continued until later in the week in order that the solicitor might make investigation as to the meaning of the ordinance. There is an interesting legal point in question. The ordinance does not prohibit the operation of barber shops on Sunday but simply states that they shall not be kept open. It is charged that Mr. Cowell kept The Orton shop open which he denies. He does not deny, however, it is stated, that work was being done in the shop.

George Rucker, colored, who is charged with selling whiskey, was recognized for his appearance on Saturday, August 2nd, when the case will be tried. The case against Julia James and Hannah Green, charged with vagrancy, were continued until today.

RATES FOR TOURNAMENT

President McNeill Gives Notice of Concessions Secured

President Jas. D. McNeill, of the State Firemen's Association, is mailing out circular letters to the firemen throughout the State giving information relative to the rates that have been secured from the railroads on account of the State convention and tournament to be held in this city August 12th to 15th, both inclusive. A very low rate has been given for the firemen traveling ten or more on one ticket. Tickets will be on sale August 9th, 10th, 11th, 12th, 13th, 14th with final limit August 23rd. The horses and apparatus will be carried free by the railroad companies. President McNeill states in his letter that every indication points to a big attendance and a fine time for the boys at Wilmington.

—A representative of the Newbern fire department was in the city Sunday making arrangements for the Newbern delegation to the State firemen's tournament. The four Newbern companies will be represented by 22 men. They will bring one of their hose wagons, and they expect to carry off a liberal share of the prize money.

GREAT PYROTECHNIC DISPLAY

Most Elaborate and Expensive Exhibition Ever Given at Lumina, Wrightsville Beach, Drew Large Crowds.

Unquestionably the most elaborate and spectacular as well as the most expensive pyrotechnic display ever attempted on Wrightsville Beach was given last night at Lumina. The display took place on a small strip of land in the sound a few hundred yards west of Lumina and was witnessed by hundreds who thronged the Lumina bridge and other points of vantage. Many exhibitions of fireworks have been given at Lumina, but none that would begin to compare with the one last night. A high standard has been set and the patrons of the resort will be glad to learn that it is to be maintained.

The superiority of the exhibition was all the more enjoyable because it was unexpected to the hundreds who gathered at the popular pavilion. The fact that a display of fireworks was to be given was well known; it had been advertised for several days, but while the officials of the Tidewater Power Company knew of the merits of the exhibition, yet they did not stress this point, preferring to give the people a genuine surprise—a surprise of the right sort. The people were simply carried away with the exhibition and officials of the Tidewater Power Company, several of them, were present and were accorded the warmest words of commendation for the very fine display. Despite the fact that no unusual amount of noise was made of the exhibition in advance, several hundred people went down from Wilmington and nearly everybody from the hotels and cottages gathered at Lumina.

The fireworks were purchased from the International Fireworks Co., of Jersey City, N. J., and a representative of the company was present to help fire off the set pieces. He just happened in yesterday. Arrangements had already been made with Aeronaut Johnny Mack, the balloonist, who is also an expert in handling fireworks, to give the display. So the crowds were given the advantage of the work of two experts. Another exhibition of similar character will be given within the next week or two and like the one last night it will be in charge of an expert.

Featuring the exhibition last night were shells bursting into the air, some several times, and all sending forth brilliant and dazzling colors. This is the first time shells have been used at an exhibition at the beach. It takes an expert to handle them. Besides the shells the exhibition consisted of set pieces and water pieces, a great many of each.

Some of the most interesting displays were: Diamond dust and parachutes, produced by the discharge of 1-18 inches shell, releasing three floating parachutes, changing colors constantly and ending in showers of brilliant dust; a meteoric display, produced by the dicharge of 1-18 inch, three break, electric shell, breaking out 100 dazzling electric meteors through purple, amber, gold and comet stars; steamship siren with signal flashlight, a new surprising novelty and one of the most amusing set pieces ever made, being a large wheel revolving around and ever changing colored center, during which it whistles and screams in an unearthly manner, emitting sounds that are hideous, mournful and comical, finally terminating with a blinding magnesing flashlight, which lasts for some time; mystical shells, releasing 350 serpents of all colors, with heavy electric flashes; they die out and re-appear again and again, the serpents hissing each time they come to life; Niagara Falls, a realistic representation of the weird white falls of Niagara, changing colors several times, being 50 feet in length; evening sunset wheel, changing colors several times; the mystic wheels, ascending to a great height, release one suspended revolving wheel of brilliant fire, and while floating away, apparently becomes totally extinct when suddenly it comes to life again, revolving furiously as it again changes colors, the operation being repeated several times; old glory, flying eagle, fountains, searchlight in the sky, floating parachute and stars, emerald spiders, green eyed monsters of the air, the flowers of the gardens, the beautiful Southern cross, Indian revolution, a brisk engagement of the firing line, grand cannonade, and a great many others.

It was altogether one of the most successful and satisfactory exhibitions that has ever been given in this section and those who were present will await with eager anticipation the announcement of the date of the next one, which officials of the Tidewater Power Company have promised will be of the same high order.

FIRST SERVICE SUNDAY

Rev. Dr. A. D. McClure Preached First Sermon in Memorial Church

The first service in Pearsall Memorial Presbyterian church, located three miles east of Wilmington, was held Sunday afternoon at 4 o'clock, the sermon being preached by Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church. His subject was, "The True Unity of Christians and Their Harmonious Working Together." There was a large choir to lead the singing which added a great deal to the pleasure of the service.

The handsome brick edifice has been built with funds provided by Mr. Oscar Pearsall. The furnishings, which are most attractive in form, were given by the congregation and their friends. Rev. Dr. McClure has been preaching at the school near the church, and the building of the church is the result of his faithful and energetic work.

Beginning next Sunday morning there will be Sunday School at the church every Sunday at 10 o'clock. The Christian Endeavor Society had its first meeting in the church Sunday night, and will have meetings on each Sunday night hereafter. There will be preaching services on Sunday afternoons by Dr. McClure. While he is away on his vacation, Rev. H. W. Koelling, assistant pastor of St. Andrew's Presbyterian church, will conduct the services.

MEETING OF COMMITTEE.

To Consider Proposition for Holding Exposition in Wilmington.

The committee of 50 business men and professional men appointed by Mayor Moore last week to consider the proposition for holding an exposition in Wilmington in 1916, will have a meeting today at 12 o'clock in the rooms of the Chamber of Commerce. They will consider the proposition in detail and decide as to its feasibility. It is a very important meeting, and the chairman, Mr. J. Allan Taylor, desires a full attendance. The plan will be discussed in all its phases, and such action taken as the committee deems best.

The Bank Account

—Is the first step toward success and fortune

—Protects your family in emergencies.

—Educates your children.

—Makes you independent.

—Gives you a standing in the community.

—Is a valuable aid in any enterprise undertaken anywhere by anybody under any conditions.

Teach the Children to Save!

Take out a pass book in your child's name and let them add to the account by saving the pennies.

We want your account, no matter how small.

The Wilmington Savings & Trust Co.

110 Princess Street

Death of Infant Child.

Alberta, the infant daughter of Mr. and Mrs. C. H. Futch, No. 706 Castle street, died Saturday night at 11 o'clock. The funeral was held at the residence Sunday morning at 8:30 o'clock, conducted by Rev. Thomas P. Noe, rector of the Church of the Good Shepherd. The body was taken by private conveyance to Harrison's Creek where interment was made. The bereaved parents have the tender sympathy of many friends.

An Operation Necessary.

Friends of the lad and of his family regretted very much to learn that Master John Foard, son of Mr. and Mrs. Chas. D. Foard, No. 15 North Fifth street, had to return to the hospital Sunday for an operation because the bone of his thigh, broken two weeks ago Saturday, when he stumbled and fell at Wrightsville and a suburban car hit him, was not knitting properly. Inquiry last night brought the statement that he was getting along very well.

German Trial Today

The trial in German which was scheduled for yesterday before Justice Bornemann, was postponed until today. This is the case where Charles Magyar and wife are suing Joseph Kosh for alleged damage done by cattle of the latter to the growing crops of the former. All the persons concerned are Hungarians, and the trial will be entirely in the German language, the justice stated yesterday. The hour is 10 o'clock.

Miss Ruth T. Angier of Atlanta, is visiting Miss Fannie J. Lamb, No. 617 Princess street.

* * *

Mrs. T. B. Yopp, of Augusta, Ga., is the guest of Mrs. T. E. Yopp, No. 315 North Seventh street.

* * *

Mr. and Mrs. W. S. Clayton and children have returned from a visit to Atlanta, Ga., and other Southern cities.

* * *

Mrs. J. M. Fleming and Miss Marie Way, of Savannah, Ga., are visiting Mrs. T. L. Hubbard, Jr., No. 411 Orange street.

* * *

Miss Alice Little and Miss Susie Allen, of Raleigh, were week-end guests of Mrs. S. S. Drew, returning home last evening.

* * *

Mr. and Mrs. W. E. Davis and Master William Edgar Davis, of North Sixth street, are visiting at Big Stone Gap in the mountains of Virginia.

* * *

Miss Allie Strickland, of High Point, and Miss Carrie Young, of Greensboro, are the guests of Miss Grace Craig, No. 211 South Sixth street.

* * *

Miss Margaret Rea Smith, of Suburb, N. C., arrived yesterday and will be the guest of her uncle, Mr. Sam S. Drew, No. 202 1-2 Princess street, and other relatives and friends for two weeks.

* * *

Dr. L. Kyle Walker, of Baltimore, Md., is spending a few days here with his aunt, Mrs. D. O. Westbrook, No. 611 Walnut street, and at Wrightsville Beach. Dr. Walker is spending his vacation with his parents, Mr. and Mrs. W. R. Walker, of Currie.

* * *

The Clyde steamship Cherokee arrived Sunday night from New York with the following passenger list: Miss Catherine Orr, Mr. Henry Heyer, Miss M. Stachi, Mr. and Mrs. R. W. Jolly, Mrs. H. A. Burr, Jr., Miss L. Hall, Master Fred Burr, Mr. John D. Corbett and Col. and Mrs. T. W. Clawson.

* * *

Mr. and Mrs. Albert E. Walker and daughter, Virginia, will leave this evening for their home in Charlottesville, Va., where they will be until about the middle of October, when they expect to leave for Europe. It had been Mr. Walker's intention to go to Europe this Summer, but while in the city both Mrs. Walker and their daughter became ill, and this necessitated a change in their plans. Mr. Walker came to Wilmington to take charge of the work of getting out the industrial edition of The Star. Their friends are glad that Mrs. Walker and the little daughter have recovered sufficiently to travel, and best wishes follow them.

PROF. CLAUDE ROBESON GIVES ORGAN RECITAL.

Lumberton, N. C., July 27.—Before an audience of music lovers which taxed the capacity of the Presbyterian church to its limit, Prof. Claude Robeson, of the Greensboro College for Women, rendered a most artistic programme with the ability of a real artist last night. The audience was captivated from the first and with every selection the interest increased.

Mr. Robeson impressed his hearers as being a musician of marked natural ability and of high culture. His programme was made up of the best selections from classic composers.

His rendering of Boellman's Gothique Suite was especially good, while an "Oriental Sketch" was universally popular.

Lumberton has more than her share of cultivated musicians who can appreciate such a treat, and already there is much talk of trying to secure Mr. Robeson for another recital at an early date.

* * *

MISS ANNA WEEKS BRIDE OF MR. GEO. J. WALSAK.

Many friends in this city and elsewhere will be interested in the marriage of Miss Anna Ray Weeks, the attractive daughter of Mr. and Mrs. R. W. Weeks, to Mr. Geo. J. Walsak, of Big Island, Va., which was celebrated at 5:30 o'clock yesterday afternoon at St. Mary's Pro-Cathedral, Rev. Father Dennen officiating. Owing to a recent bereavement in the bride's family the wedding was a quiet affair and there were present only a few relatives and intimate friends. Mr. Paul Baschon, a cousin of the groom, was best man, and Miss Agnes Hayden was maid of honor. The bride, who wore a becoming tan traveling suit and carried a bouquet of bride roses, was given away by her brother, Mr. J. M. Weeks. The maid of honor carried a pretty bouquet of pink asters.

Following the ceremony the bridal party went to the home of the bride's parents, No. 208 Church street, where an informal reception was held. The couple left on the evening train for Washington, D. C., and after a few days spent there they will go to Richmond for a few days and will be at home at Big Island after August 4th. Mr. Walsak held a position with the Atlantic Coast Line in this city for a year, leaving about four months ago for Big Island, where he holds a position with a large paper mill. He and his bride have many friends who will be interested in their marriage.

—The remains of Henry Williams, colored, were brought to his home in this city yesterday for burial. His death, it is understood, was of an accidental nature on the railroad. Particulars were not learned.

HEAD ALL BROKEN OUT.

Woman Tells How She Was Cured by Reliable Skin Remedy.

Mrs. M. J. Downing, 2527 Rucker avenue, Everett, Wash., says: "I want to tell you how I was cured by Saxo Salve. I had a breaking out on my forehead and all around my ears, and some on my scalp, which was very annoying. I tried different remedies without benefit and went into Darling's drug store, thinking to get some other remedy, but Mr. Darling wanted me to try Saxo Salve. I did so and it certainly cured my trouble in a very short time, and also my sister had scalp trouble, which it cured. I would willingly recommend it to every one and am very grateful for the relief."

In all kinds of eczema, salt rheum, tetter, barber's itch, etc., Saxo Salve has wonderful healing power, because its healing antiseptic properties penetrate the skin pores, and destroy the germs of disease.

We give back your money if Saxo Salve does not satisfy you perfectly. Robt. R. Bellamy, Druggist, Wilmington, N. C.

P. S. For poor, thin, impoverished blood try Vinol. We guarantee it.

Moving Pictures at Lumina.

Programme for tonight: "Two of a Kind," "The False Order," and "At Bear Track Gulch." (advertisement.)

Wrightsville Beach

Solicitor N. A. Sinclair, of Fayetteville, was a week-end guest at the Hanover Inn. He returned home yesterday.

Atlanta Georgian: "Mr. and Mrs. Charles P. Moody and family will leave Thursday for Wrightsville Beach to spend two weeks."

Mrs. C. A. Thomas and daughter, Miss Agnes Thomas, of Columbia, S. C., who have been spending several weeks at the Oceanic Hotel, returned to their home Sunday.

Mrs. J. Frank Meador, of Atlanta, Ga., who has been spending several weeks at the Oceanic Hotel, will leave today for Lake Toxaway. Mrs. Meador has many friends at the beach who regret to see her leave.

Atlanta Sunday American: "Mrs. George Holliday, Jr., of Atlanta, is at Wrightsville Beach. Mrs. Holliday was formerly Miss Leola Houser, of Fort Valley, and she is very popular in Macon, where she often visits her parents, Mr. and Mrs. Franklin Houser, who now make their home in Macon."

The programme for the exhibition of the moving pictures at Lumina tonight is as follows: "Two of a Kind," a comedy pictuse by the Vitagraph Company; "The False Order," a thrilling story of a locomotive collision, and a Western story by the Edison company, called "At Bear Track Gulch."

Considerable excitement was caused Sunday afternoon on the Banks' Channel trestle when one of the party of anglers caught a member of the water tribe locally known as the "stingaree." It attracted much attention, especially among the visitors from inland points who had not before seen such a curious looking specimen of the fish kingdom.

Yesterday afternoon's Fayetteville Observer: "Mr. and Mrs. Hunter G. Smith and family have returned from Wrightsville, where they had gone for the Summer, the home having been burned Friday that Mr. and Mrs. Smith were occupying for the Summer. The home was formerly the beautiful old Van Amringe place. Mrs. Smith saved most of her effects."

Among the week-end arrivals at the Hanover Inn were G. E. Petty, Clinton; H. G. Galloway, Goldsboro; Mr. and Mrs. L. G. Creese, L. Pharr and Vilma Hill, Charlotte; L. K. Thacker, Baltimore; Dr. G. S. Cox, Tabor; J. G. Wiggs and J. R. Hales, Wilson; F. N. Patterson and family, Albemarle; C. L. Smith, Laurinburg; Thomas L. Simmons, Greensboro.

Arrivals at the Parsley cottage during the past few days include Mr. E. T. Spruit, Mr. and Mrs. E. N. Clark and son, Wilmington; Mrs. Q. K. Nimock, Mrs. H. L. Cook and daughter, Miss Mary Starr Cook, and sons, Alex. and Edward Cook, Fayetteville; Miss Margaret Pierce, Warsaw; Mr. Victor Peguese, Cheraw, S. C.; Miss Julia Wright, Miss May G. Harvin, Sumter, S. C.; Miss Simmons, Mrs. J. E. Tenly, Washington, D. C.; Mrs. H. F. Wilson, Miss Elizabeth Wilson, Miss Mildred Crabb, Miss Minnie Harris, Miss Myrtle Harris, Birmingham.

Among the arrivals at the Oceanic Hotel for the week-end were Will C. Shippen and Albert R. Sharp, Ellijay, Ga.; W. R. Barringer, Florence, S. C.; C. V. Brown and M. F. Caldwell, Lumberton; C. A. Jones and Thos. Grantham, Maxton; T. M. L. Brown, Bennettsville, S. C.; Dave Stewart and Miss Mary Singletary, Laurinburg; A. C. McLachlin, New York city; P. R. Camp, Franklin, Va.; B. C. Dimford and W. F. Bullock, Winston-Salem; Misses Winnie and Fannie Swimson, Goldsboro; R. F. McEachern and W. H. Davis, Norfolk; W. C. Galloway, Atlanta; B. C. Cook and M. R. Barnwell, Charlotte; C. E. Schultz, Augusta; W. M. G. Buck, Mullins, S. C.

Mrs. Frank Pearson, of Atlanta, Ga., who is a great favorite with the music lovers of Wilmington and the beach, closed her engagement at Lumina with the concerts Sunday afternoon and night. There was a large audience at each concert, and she was warmly greeted on both occasions. In the afternoon she sang "In the After Garden of My Heart," and at night, "With You in Eternity." She was encored at both concerts and for her encore numbers sang the following: "Moonlight Bay," "The Sands of the Desert," and "The Trail of the Lonesome Pine." Mrs. Pearson is always gladly welcomed, and her many friends in Wilmington and at the beach hope that she will return again next Summer for another engagement.

Included in the week-end arrivals at the Seashore Hotel were John T. Cannon, Salisbury; Mrs. E. K. Proctor, Lumberton; Miss Lillian Proctor, Mrs. C. J. Thompson and Miss Theo Thompson, Raleigh; H. M. Anderson, Lumberton; George C. Southerland, Goldsboro; D. L. Evans, Washington, D. C.; W. G. Anderson, Chicago; J. S. Bernard, Greensboro; L. C. Dover and Huch McCutcheon, Kingstree, S. C.; M. H. Schulken, Whiteville; Miss Eliza Robbins, Raleigh; Miss Pennie Carter, Whiteville; Mr. and Mrs. D. E. Dawson, Florence, S. C.; T. B. King, Carthage; R. N. Winston, Greensboro; O. M. Harris, Fayetteville; R. S. Bingham, Charlotte; W. E. Borden, Goldsboro; J. P. Moore, Atkinson; E. A. Moore, Currie; F. L. Simmons, Goldsboro; C. M. Walker, Fayetteville; Mrs. J. W. Thompson and Miss Joy Thompson, Birmingham; H. P. Underwood and Mr. and Mrs. J. L. Going, Fayetteville; E. Warren and Perry Godwin, Wilson; Mr. and Mrs. W. K. King, Florence, S. C.

"Polly Peachtree" in the Sunday Atlanta American: "Say, girls, I have noticed something that will interest you who do not like to play bridge and can't dance so very well. We had always heard that a woman to be popular must play cards—simply must play and play well, for no man likes a girl long if she trumps his ace. And, too, she must dance well, for partners are not any too many, and they must be given all encouragement.

"Under my observation recently has come a popular woman who neither dances nor plays cards. Do you know Mrs. John Seibles, of Columbia, S. C., the former Bertha Willingham, of Georgia? I suppose most of you do—unless you are members of the very young set which I hear so much about these days. For a few years back Bertha Willingham was accounted the belle of the State. She lived in Macon, but spent much of her time here until she married into the prominent Seibles family of Columbia.

"Since that time she has been as popular in Columbia as she was while living here. The past several weeks Mrs. Seibles has been one of the charming women at Wrightsville Beach, and I have noted that she is always surrounded by a coterie of friends and admirers, and while she still maintains her indifference to cards and never dances at all, she is yet one of the most popular women at the beach.

"The reason? Well, I must admit. Mrs. Seibles has one great natural advantage—she is very beautiful and added to her beauty is a cordial and unassuming graciousness, a clever and witty style of conversation which is never allowed to express a sting or an unkind word, and she is always stunningly gowned. Of course, all these things count, but to see a woman who neither dances nor plays bridge carry off the palm of popularity is, I think, something worthy of note."

LOCAL DOTS.

—Sarah Bell and Alanzo Richardson, both colored, were arrested yesterday afternoon by Officer Leon George on the charge of vagrancy.

—Wm. B. Haywood, colored, died at the home of his sisters, 13th and Orange streets, yesterday. For many years he was a grade marker at the Champion Compress, of this city.

—Lucy Armstrong, Annie Boney and Belle Williams, all colored, who were arrested last week charged with selling whiskey, were discharged yesterday by Justice Harriss because of lack of evidence against them.

—J. O. Reilly, administrator of E. C. Glavin, instituted suit in Superior Court yesterday against Eagle Iron Works. Ex-Judge E. K. Bryan is attorney for the plaintiff. The complaint has not been filed.

—The Rokeby, a British steamship of 2,455 tons, arrived in port Sunday afternoon from Hamburg, via Charleston, with a cargo of kainit to be discharged to Swift & Co., at the Seaboard Air Line terminals. The vessel reports to Heide & Co.

—The fire department was called out Sunday afternoon by an alarm sent in from the corner of Front and Red Cross streets. The alarm was sent in by some one who saw a lot of smoke at the residence of Mr. George H. Brinson, No. 106 Walnut street, which was being used to drive out mosquitoes.

—J. N. Dalton, well known in collegiate athletic circles throughout the South as football player and coach is registered at The Orton. Mr. Dalton is a resident of this State, but for the past three years has been engaged in coaching football teams of the various colleges and universities of Virginia and Tennessee.

WITH THE MOVIES

Three great pictures, embracing three of the latest and most interesting films of the week's offerings, will be shown at the Bijou today and patrons of this popular playhouse may be sure of something extraordinarily good.

These films will be an Essanay, "Bound to Occur"; a Selig, "When Men Forget," and a Pathe, "The Miracle of the Roses." Each is a big feature within itself and is bound to prove attractive to the hundreds who daily visit this joy spot in Wilmington. "Bound to Occur" is the amusing story of a man who is passionately fond of dogs and whose household is almost broken up by this weakness for the canine. "When Men Forget" is the story of an artist and a pretty girl of the country, both of whom win fame and success as the result of a chance meeting. "The Miracle of the Roses" is the story of a man who stole to keep his wife from starving and what became of it. All three pictures are first-class and will make up one of the best bills of the entire week.

At The Grand

The new week opened in bright, glorious and big way yesterday at The Grand, the handsome, cozy, cool-as-an-icicle resort, playing to capacity houses. The bill that inaugurated the new week was a corker in every way, and a forerunner of the many good things to be presented the present week. Today's bill will be another swell affair, in which both comedy and the dramatic will play strong parts, sparkling as rare gems in The Grand's handsome setting. There will also be plenty of new music and a theatre full of solid comfort. Today's bill should certainly not be missed. Giving an idea of some of the great things to be seen, mention is made of the following big film subjects:

A favorite Biograph, "The Well," a very interesting scenic picture; "Yosemite Valley in Winter," and another picture all for the small price of five cents, afternoon and night.

PERSONAL PARAGRAPHS.

—Mr. Fred E. Little, editor of the Whiteville News-Reporter, spent the week-end here with friends.

—Deputy Sheriff Reynolds returned Sunday from St. Pauls where he visited his brother, Mr. I. C. Reynolds, who is very ill of typhoid fever.

—Mr. H. R. Bates, of Atlanta, Ga., spent the week-end in the city visiting friends. Mr. Bates was formerly here as head of the Swift Fertilizer Works.

—Mr. S. Abramowitz and son, Mr. Jacob Abramowitz left yesterday morning for New York City, where they will spend several days on business.

—Mr. S. B. Moore, assistant secretary of the Y. M. C. A., has been called to Globe, N. C., on account of the illness of two brothers, who have typhoid fever.

—Deputy Sheriffs Louis Tyndall and A. L. Kelly and Constable Davis went to Raleigh yesterday to take five prisoners to the State prison. These prisoners were sentenced to serve terms in the penitentiary at the last term of Superior Court.

—Mr. E. R. Rankin, of Chapel Hill, secretary of the Alumni Association of the University of North Carolina and managing editor of the Alumni Review, left for Lumberton yesterday, after spending several days in Wilmington in the interest of the Alumni Association.

—Included in the arrivals at the Southern Hotel yesterday were J. E. Sandlin, Verona; John W. Russ, Shallotte; Perry Godwin, Wilson; J. L. Knox, Leland; B. E. Herring and R. H. Carr, Clinton; Miss Gladys Cooper, Salemburg; H. G. Hewett, Shallotte; J. B. Melvin, Rocky Mount; G. D. Davis, Hamlet.

—Mr. Wm. E. Cromwell, of the circulation department of The Morning Star, suffered an acute attack of appendicitis on Sunday, necessitating an operation at the James Walker Memorial Hospital, his friends will regret to learn. Yesterday afternoon he had recovered nicely from the operation and friends hope that he will soon be out again.

—Rev. C. F. Whitlock and wife, of Joplin, Mo., are here and will spend the month of August with North Carolina friends. Mr. Whitlock has been doing evangelistic work at Lumber Bridge, Robeson county, and reached Wilmington yesterday, receiving a cordial greeting from many friends here, where he was formerly pastor of Brooklyn Baptist church.

DEEP CUT

WOMAN'S ILLS DISAPPEARED

Like Magic after taking Lydia E. Pinkham's Vegetable Compound.

North Bangor, N. Y.—"As I have used Lydia E. Pinkham's Vegetable Compound with great benefit I feel it my duty to write and tell you about it. I was ailing from female weakness and had headache and backache nearly all the time. I was later every month than I should have been and so sick that I had to go to bed.

"Lydia E. Pinkham's Vegetable Compound has made me well and these troubles have disappeared like magic. I have recommended the Compound to many women who have used it successfully."—Mrs. James J. Stacy, R.F.D. No. 3, North Bangor, N. Y.

Another Made Well.

Ann Arbor, Mich.—"Lydia E. Pinkham's Vegetable Compound has done wonders for me. For years I suffered terribly with hemorrhages and had pains so intense that sometimes I would faint away. I had female weakness so bad that I had to doctor all the time and never found relief until I took your remedies to please my husband. I recommend your wonderful medicine to all sufferers as I think it is a blessing for all women."—Mrs. L. E. Wyckoff, 112 S. Ashley St., Ann Arbor, Mich.

There need be no doubt about the ability of this grand old remedy, made from the roots and herbs of our fields, to remedy woman's diseases. We possess volumes of proof of this fact, enough to convince the most skeptical. Why don't you try it?

KNOW IT WELL

Familiar Features Well Known to Hundreds of Wilmington Citizens

A familiar burden in many homes.
The burden of a "bad back."
A lame, weak or an aching back
Often tells you of kidney ills.
Doan's Kidney Pills are for weak kidneys.
Here is Wilmington testimony.

Miss M. Rivenbark, 105 Dock St., Wilmington, N. C., says: "There was a constant, dull pain in the small of my back and some days I could hardly get about the house. The kidney secretions bothered me and I had but little strength or energy. I used several tonics and remedies, but nothing gave me relief until I began taking Doan's Kidney Pills, which were procured at Bellamy's drug store. It did not take them long to give me lasting benefit. You are welcome to continue using my former public endorsement of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

COTTON TAKES UPWARD TURN

Market Closed Steady With September Three Points Lower and Other Months Unchanged to Six Points Higher.

New York, July 28.—After a day spent in trying to get a line on the weather situation in Texas, traders in the cotton market concluded that the rains scheduled for Sunday had failed to materialize in the big growing counties of the State, and in an effort to replace part of their big short line, caused a strong upturn in the last hour.

The market closed steady, with September three points lower and other months unchanged to six points net higher. Previous to this final advance the market had been of the weather vane variety, trying to get in step with the constantly changing reports from Texas. It was not until the detailed report was received late in the day, that it became evident Texas had received little rain in the sections where it is most needed. Even then it was a question if the plant could not stand a week or so more without suffering irreparable damage, some authorities stating it could go dry until August 10th, but the trade had figured on rain and its disappointment found expression in a big buying movement.

Of Oklahoma and the Central and Eastern belts the reports were again uniformly the same, the former State having apparently received ample moisture over Sunday. Liverpool owed its decline of nine to ten points at the hour of the local opening to rumors that the Texas drouth had been broken, and it caused a partial opening decline here of ten points on new crops, as against three points advance in July.

Heavy covering of old crops here, particularly of August, by a prominent spot house, advanced those months at one time eight to nine points over Saturday and December crept up on October, owing to steady buying by a local trader.

A rumored crop figure of 79.5 by Southern authority brought in some forenoon buying, but prevailing sentiment up to the late afternoon clung to the bear side in hope that Texas might get rain. The fact that several conditions reports will appear this week, culminating with the government figures on Friday, is expected to promote a very nervous market, and as the short interest is still large, a further covering movement was expected by bulls, barring good rains in Texas.

THE DRY GOODS MARKET.

New York, July 28.—Men's wear for Spring, 1914, was priced today on a greatly reduced value level, serges from 11 ounces to 14 ounces being reduced from 17½c. to 25c. a yard from last Spring's prices. Cotton goods for delivery forward from October are ½c. a yard easier. Cotton yarns show little change for spot delivery. Raw silk is firmer.

$12.50

Atlantic City, New Jersey

The Atlantic Coast Line have announced the very low round-trip rate of $12.50 from Wilmington to America's premier Summer resort—Atlantic City—and correspondingly low rates from many other points in North Carolina. Tickets will be on sale for all trains Tuesday, August 12th, and will be limited to return until August 26, thereby giving about two weeks at the great resort.

No stop-overs will be allowed on the going trip, but on the return trip they will be allowed within the final limit at Philadelphia, Baltimore, Washington and Richmond, by depositing tickets with ticket agents.

For further information, reservations, etc., phone 160, or address T. C. White, General Passenger Agent, Wilmington, N. C.

MAY RAILWAY BUSINESS

Figures Showing How Much It Cost Per Day to Operate

Washington, D. C., July 28.—During May the railways of the United States received for their services to the public an average of $8,230,000 a day; it cost to run their trains and for other expenses of operation, $5,920,000 a day; their taxes were $341,500 a day; their operating income, $1,972,322 a day for the 220,837 miles of line reporting, or at the rate of $8.93 for each mile of line for each day. Thus for every six dollars of their earnings which remained available for rentals, interest on bonds, appropriations for betterments, improvements and new construction, and for dividends, the railways had to pay more than one dollar in taxes.

All of these amounts are substantially greater than the similar returns for May, 1912. They are from the summary of the earnings and expenses compiled by the Bureau of Railway Economics from the monthly reports of the steam railways of the United States to the Inter-State Commerce Commission. They include over 95 per cent of the mileage and earnings of all of the railways of the country.

Invigorating to the Pale and Sickly The Old Standard general strengthening tonic, GROVE'S TASTELESS chill TONIC, drives out Malaria, enriches the blood, builds up the system. A true Tonic. For adults and children, 50c.

STOCKS CONTINUE TO IMPROVE

Volume of Business Somewhat Diminished—Trading Still of a Professional Nature—Market's Activity Expense of Shorts

New York, July 28.—The improvement in stocks, which signalized last week's operations, continued today in diminished volume. Such leaders as Amalgamated Copper, United States Steel, Union Pacific and Reading, all rose to a higher level. Trading, however, was of the same professional nature. Houses with Boston connections were prominent on the buying side of Coppers.

Today's early activity was largely at the expense of the short interest, which was driven to retirement of commitments, particularly in Coppers, Steel and Union Pacific. Amalgamated Copper was strongest of active issues, its two-point rise coinciding with another advance in the metal to a fraction over 13 cents. Steel's strength was ascribed to expectations of a favorable statement tomorrow.

In the railway division, which was generally stimulated by the action of the Eastern railway managers in withdrawing their grievances with the trainmen, the Southwestern group developed sudden activity with gains of 1 to 3 points, while the Hill issues added to last Saturday's gains. Canadian Pacific, Soo trading and the Erie, also, were well to the fore.

Advances elsewhere included American Beet Sugar, Harvester and the Petroleums, the latter assisted by reports of an increase in the price of that commodity. The final hour saw numerous recessions.

London exercised some influence, buying about 15,000 shares, mainly Amalgamated and Erie. The Bank of England acquired most of the South African gold delivered to that market. Paris was strong and Berlin firm.

The local bond market was steady, but Governments continued weak, with new low records for the 2s and the Panama 2s and 3s. Total sales, par value, aggregated $1,616,000. Total sales of stocks were 200,000 shares, including: American Tobacco, 100; A. C. L., 800; C. and O., 11,200; Lehigh Valley, 1,000; N. and W., 1,600; Reading, 34,000; S. A. L., 800; do. pfd., 900; Southern Railway, 1,700; Tennessee Copper, 3,300; U. S. Steel, 59,100; V.-C. C., 300.

GUILTY OF BRIBERY.

Member Lower House West Virginia Legislature Convicted.

Webster Springs, W. Va., July 28.—S. U. G. Rhodes, member of the lower branch of the West Virginia Legislature, accused of accepting a bribe in connection with the recent contest for United States Senator, was found guilty late today. He is the fourth of seven legislators to be tried for bribery growing out of the Senatorial campaign. State Senator Ben A. Smith, and Delegates Rath, Duff and H. F. Ashury, have been convicted, and are now awaiting sentence.

No. 666

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

TRUSTEES' SALE.

Under and by virtue of the power conferred upon me in a deed of trust executed on the 13th day of June, 1911, by W. A. Simpkins and wife and recorded in the office of the Register of Deeds for New Hanover County in Book of Mortgages 64, page 427, and at the request of the holder of the note described in said deed of trust, I will, on Wednesday, the 20th day of August, 1913, at 12 o'clock, M., at the Court House door at Wilmington, North Carolina, sell for cash to the highest bidder the following described land:

First tract.—Beginning at the Southeast corner of a tract of land now in the possession of Mrs. Mills, on the North edge of the old Newbern road, and runs thence Eastwardly with the Northern edge of the said old Newbern road about 200 feet to the Southwestern corner of a tract of land now or lately in the possession of Mrs. Oldenbuttle, and thence with said Oldenbuttle's Western line North 3 deg. E. 2,080 feet to a stake; thence South 89 deg. W about 200 feet to Mills' line; thence with Mills' line South 3 deg. W. to the beginning, containing 10 acres.

2nd. tract.—Beginning in the dividing line between Oldenbuttle's tract and the tract of D. N. Chadwick, the same being the Western line of a tract of land conveyed to Lilly M. R. Oldenbuttle by Steven W. Noble and wife, by deed dated the 27th of October, 1891, and registered in the office of the Register of Deeds of New Hanover County, in Book 8, page 422 et seq., and corrected by deed dated the 3rd day of May, 1894, and recorded in Book 13, at pages 344 et seq., of the records of the Register of Deeds of New Hanover County, at a point where said dividing line is intersected by the Northern line of the right of way of the connecting line between the Wilmington & Newbern Railroad, and the Wilmington & Weldon Railroad, and the said points being 600 feet Northwardly from the old Newbern dirt road, and runs thence Northwardly with said dividing line about 1,500 feet to the Northern line of the said tract; thence Eastwardly with the said Northern line 200 feet to the Eastern line of said tract; thence Southwardly with the said Eastern line to the right of way of said railroad; thence Westwardly with said railroad to the beginning, the same being all that part of a tract of land conveyed to the said Lilly M. R. Oldenbuttle by Steven W. Noble and wife as aforesaid, which is now lying North of the said connecting line of railroads, both of which said deeds, for more certainty of description, are made a part hereof.

3rd tract.—Beginning at W. H. Mills' Northwest corner of the Hardwick tract, 200 feet Westwardly from the pine stump marking the old Hardwick line, and runs thence Northwardly 4 deg. 30 min. East 746 feet to a stone marked D. N. C.; thence South 88 deg. E. 1,634 84-100 feet to a stone marked D. N. C.; thence S. 4 deg. 30 min. West 886⅞ feet to a stone marked D. N. C. Wentzenstein's corner; thence North 85 deg. 30 min. W. with Wentzenstein's back line, and the back line of D. N. Chadwick, 626 13-100 feet to a stone in W. H. Mills' back line; thence North 4 deg. 30 min. East 146 feet to Mills' Northeast corner, and thence North 85 deg. 30 min. West 408 71-100 feet to the beginning, containing 20 acres, more or less.

4th tract.—Beginning at a ditch bank at W. H. Mills' and D. N. Chadwick's corner of his 20-acre tract, a stone marked D. N. C.; thence North 40 deg. West 5 chains and 37 links to a stake near a water oak; thence North 45 deg. West 10 chains to a stake on a cart road; thence North 76¼ deg. West 11 chains and 96 links to a stake near a cedar tree on the East side of a neighborhood road; thence along the East edge of said road North 10 deg. 45 min. East 30 chains and 82 links to a cypress knee on the bank of the South side of Smith's Creek; thence up the various courses of said creek to a large cypress tree a little above a woodland; thence due East 81 links to a lightwood post near and on the South side of a large hollow black gum tree; thence due South 82 chains and 90 links to a stake in said D. N. Chadwick's Northern line of his 20-acre tract; thence with said line North 88 deg. West 2 chains and 68 links to a stone marked D. N. C., a corner of the said D. N. Chadwick's 20-acre tract; thence with said Chadwick's line of said tract South 4¼ deg. West 11 chains and 44 links to the beginning, containing 52¼ acres.

All of said land hereinbefore described being the same conveyed to W. A. Simpkins by D. N. Chadwick, Jr., by deed duly registered in the office of the Register of Deeds of New Hanover County, in Book 62, page 73.

Said sale is made by reason of the failure of W. A. Simpkins and wife to pay off and discharge the indebtedness described in said deed of trust.

This 15th day of July, 1913.

JOHN D. BELLAMY,
Trustee.

Service Guaranteed — Day or Night

MULHALL'S LETTERS BEFORE THE SENATE

(Continued from Page One.)

the organization after he made a campaign trip to Maine. He will tell the whole story of his separation from the service tomorrow.

Robert McCarter, counsel for the National Association of Manufacturers, and Jackson F. Ralston, for the American Federation of Labor, probably will submit tomorrow most of the questions they wanted Mulhall to answer to the committee. Ralston expects to ask about 100 and McCarter, if allowed, will probably ask a great many more.

The letters of the association were turned over to the committee tonight and members will examine at leisure. Former Representative Watson, of Indiana, frequently appearing in the Mulhall correspondence, will be the first witness heard after the lobbyist is allowed to go, the committee decided today.

Less than one thousand of Martain M. Mulhall's letters as a lobbyist for the National Association of Manufacturers remained to be put in the record when the Senate Investigating committee met today.

Attorneys for the association and the American Federation of Labor were granted the right to cross-examine the witness through the committee and will attempt to shake Mulhall's story before he is turned over to the House Lobby committee, about the middle of the week.

In January, 1911, Mulhall wrote to General Manager Bird, of the Manufacturers, about the Democratic House:

"I am positive we will fare very much better with the incoming Democrats of the House than we have with the present Congress. I assured Mr. Emery, counsel for the Manufacturers, that if he would select some man we could agree on for chairman of the Labor committee, we could have him appointed. I also told Mr. Emery I am positive we will control the Judicial committee and its sub-committees and also the Labor committee and its substitute committees in the next Congress. I am not making this statement until I am fully convinced that these facts can be accomplished."

"What grounds had you for making this statement?" demanded Senator Nelson.

"I can't just recall at the present time. I had broke down about that time."

"Did you and Emery agree to name any men?"

"Not that I remember."

"Is that all the information you can give this committee as a basis for these statements?"

"All at this time. I think the letters will show," said Mulhall.

Frequently in his correspondence Mulhall referred to "the labor lobby."

"Who did you mean by the labor lobby?" asked Senator Nelson.

"Gompers, Morrison and members of the executive board of the Federation of Labor," said the witness.

"I always found them busy. I saw them frequently about the capitol."

Senator Lodge appeared to deny Mulhall's statement that he conferred with him in the Summer of 1910. He denied ever having seen Mulhall before the investigation began.

"I certainly am not going to try to contradict what you say, Senator," said Mulhall, "but I do say that I had a conference with you in your office."

Mulhall swore that J. H. McMichael, one time chief page of the House, came to see him in Baltimore to get $100 and was to give half of it to Representative J. T. McDermott, of Illinois. He testified that McDermott later claimed that he got only $20.

Mulhall later wrote the Manufacturers' officials about fixing things in the new House.

"What success did you have?" asked Senator Nelson.

"Absolute failure."

Mulhall finally testified that Representative McDermott and McMichael, chief page, were about the only persons from whom he expected to get his information and who were to help him in "fixing things."

In another letter to Bird, Mulhall spoke of an "interview" with Representative Underwood. He explained that the majority leader merely replied to his questions.

On April 6th, Mulhall wrote again to Bird about the House Labor committee, of which William B. Wilson, now secretary of labor, in President Wilson's cabinet, was then chairman.

"I had a long and pleasant interview with the new chairman and he positively stated that there would be no labor legislation at this session, unless another caucus was held by the Democratic members and a different programme arranged."

Questioned by Senator Nelson, Mulhall swore that Wilson did assure him that there would be no labor legislation at that session.

Later Mulhall wrote: "The Judiciary committee is entirely our way."

"Was that right?" he was asked.

"I was simply guessing at that time," he answered.

He wrote Bird late in April about a bill permitting the enrollment of government employes. He said Samuel Gompers had been given a hearing on the bill through Representative Lloyd, of Missouri. He said he called on Representative Lloyd, told him who he represented and why he opposed the bill but that Lloyd said he expected to fight for its passage.

In a letter he expressed the hope that "our organization will get busy all over the country and let Mr. Lloyd, Mr. Clark and Mr. Underwood and the other leaders of the Democratic party know that Gompers is not supreme at the present time."

In this letter Mulhall said he saw Former Attorney General C. J. Bonaparte, then president of the Civil Service Reform League, and "got him going against this bill also."

Speaking of Representative McDermott and the money he was alleged to have borrowed, Mulhall said:

"I was down in Fritz Reuter's with McDermott one day. I took out my roll and laid it on the bar and he took the whole roll. I hoped to get some of it back but I never did.

"He must have been broke," suggested Senator Nelson.

"I never saw him otherwise," said the witness.

Thief Not Yet Found

The police department have been unable to find any clue as to who broke into the store of Hewlett & Price, No. 24 North Front street, on Monday night, July 21st, and stole several pairs of shoes. The thief made his entrance by forcing his way through a side window. There were several robberies made the same night though but little property was taken from any of the stores entered. The thief or thieves were evidently looking for money and not for dry goods.

SECRETARY M'ADOO PREFERS CHARGES

(Concluded from Page One.)

the circulation privilege attached thereto.

2. At the end of 20 years the government will pay at par and interest all 2 per cent bonds which at that time remain outstanding. In view of the fact that the 2s have no due date, and are payable after 1930 only at the option of the government, the definite promise of payment at the end of 20 years is distinctly beneficial to the holders of the 2 per cent bonds.

The Secretary spoke with amusement of the grave statements sent out from New York to the effect that if the currency bill shall pass and government deposits are put in the Federal reserve banks, the 2 per cent bonds now used to secure deposits will be thrown on the market and their value thereby impaired. As only $13,900,000 of the 2s out of a total of $780,882,130 are used to secure government deposits, it can be readily seen how trivial this is. If these bonds are not used to secure deposits, they can be used for additional circulation.

"Nearly all of the 2s are owned by the banks. If the price is marked down, it is because the banks themselves are putting pressure on the market and depressing the value of their securities. The fault is their own. It would seem that part of good sense and good business not to do it."

The Secretary expressed the hope that the process, if continued will not be carried to a point where the department will have to take action.

There is and always has been a narrow market for the 2 per cent bonds, just as there is for any inactive although high grade corporation bonds and everyone knows how easy it is to put up or down the quotations for such bonds, especially when a favoring state of mind has been skilfully created.

"The department has, because of its relation to the banks and its necessarily important part in the financial affairs of the country, a deep interest in the welfare of the banks, in the stability of the financial situation and in a continuance of the prosperity now attaching to agricultural and industrial enterprises and general business."

For these reasons the Secretary said he had hoped that the banks would not consider a suggestion from him impertinent.

In conclusion, the Secretary said with emphasis that there is not going to be any financial trouble and that the large crops now in prospect are going to be moved without difficulty and that the powers of the department will be exercised in their greatest amplitude, for the protection of the business interests of the country.

SUN YAT SEN SENDS MESSAGE.

Appeals to All the World to See the Truth in China.

New York, July 28.—Dr. Sun Yat Sen, who was the first provisional president of the Chinese Republic, and led the revolution against Manchu rule, today cabled the following proclamation to The Associated Press:

"Shanghai, China, July 28th.—When three months ago Yuan Shi Kai unconstitutionally concluded the loan with the bankers representing the five powers, almost immediately after the discovery of documents implicating the Chinese government in the assassination of the Nationalist leader, General Sung Chiao Jen, I appealed to the governments and people of Europe to withhold payment of the loan, temporarily, knowing that the Chinese people would denounce Yuan Shi Kai for the loan, and for the murder, and that Yuan Shi Kai would suppress their protest by force of arms.

"My appeal fell on deaf ears and Yuan Shi Kai supplied with funds by the loan, poured troops into the Southern provinces to dismiss the Governors and subjugate the people because they did not approve of his high-handed actions, and insisted on a thorough investigation of the murder of General Sung Chio Jen.

"The Province of Kiang Si resisted the invasion of the Northern troops sent by Yuan Sho Kai, and six other provinces rose and joined with Kiang Shi to drive him away from office.

"The present was would terminate as soon as Yuan Shi Kai retired from the Presidency, which he has disgraced.

"I cannot bear to see my life work destroyed and the despotism of the Manchus replaced by that of Yuan Shi Kai.

"I will fight for the people's righteous cause, which, notwithstanding great odds, must ultimately triumph.

"The powers, informed of the situation in China, have assisted Yuan Sho Kai with funds, which has caused the present war.

"I earnestly appeal to all desiring peace and an early cessation of a long and sanguinary conflict, entailing much misery, to cease giving further financial assistance to Yuan Sho Kai. I make this appeal in behalf of humanity and justice."

TENDER CUT IN TWO.

City of Atlanta Wrecks Tender of Lookout Lightship.

New York, July 28.—The tender of the government lightship off Cape Lookout, N. C., was cut in two by the Savannah Line steamer City of Atlanta and three of its five occupants were drowned last Friday afternoon, according to statements made here today by passengers aboard the steamer.

The accident, they said, occurred about 1 o'clock in the afternoon in fair weather and calm sea. Two men were rescued from a boat from the steamer and put back aboard the lightship. The little tender crossed the liner's bows to deliver mail and paper on the leeward side. The distance was misjudged and the liner crashed into the boat.

DON'T BE THIN.

No Need of Being Scrawny, Weak and Emaciated.

In these days of physical culture and health foods, one would hardly expect to see any thin, weak, emaciated people, but in spite of all this, nearly every person you meet is thin and scrawny.

Good healthy flesh can only be gained by the use of the proper food with thorough assimilation of the fat-giving elements. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh-forming food. Weigh yourself before commencing to use these little tablets, and see how your weight increases.

Samose has valuable flesh-forming and tissue building properties, and when it is assimilated with the food, it causes the flesh-making elements to be retained and the weight is naturally increased.

J. Hicks Bunting Drug Co., the popular druggists, have sold in the last few weeks, a great many packages of Samose, every one with their personal guarantee to refund the money if it did not give satisfaction and has had but one person ask for the money back.

(advertisement.)

TOWNSEND ATTACKS THE TARIFF BILL

(Continued from Page One.)

only. Senator Warren maintained that there was no such majority expression of opinion, because the Presidential campaign was three cornered, and the Democrats won by a minority vote.

"Atrocious betrayal of pre-election promises," was his characterization of the Democratic tariff bill. The Republicans and Progressives, he said, were united on the tariff question and the popular vote so far as tariff was concerned, was more than 2,000,000 against protection and about 6,000,000 for protection. The result of the election by States for protection or for a revenue tariff would have shown, he added, only 14 States for the Democratic policy and 34 for a protective policy. Under this calculation President Wilson would have received only 152 electoral votes while protection would have had 379 votes.

Senator Warren declared the pending tariff bill warranted a feeling of apprehension and its enactment into law would mean that American industry must compete with all the world.

The proposed duty of 30 cents a pound for vanilla beans, now on the free list, was under consideration for some time today, but finally was sustained in the face of strong Republican opposition. Senator Stone insisted that vanilla should be classed as a luxury, while Senators Burton, Smoot, Gronna and others urged that it was as much a necessity of the average household as were other food supplies. Prediction of a substantial increase in price were made by manufacturers in a letter submitted by Senator Burton.

Republicans Prevent Action.

Republicans prevented action on the Democratic provisions reducing the duties on Portland and hydraulic cements and on lime. The items went over without final discussion. A proposed duty of 10 per cent on gypsum out of which common wall plaster is made, was attacked by Senator Cummins, who offered an amendment to raise the duty to 20 per cent. The present tariff is about 25 per cent. Senator Cummins also proposed a retaliatory feature against Canada and other nearby countries, providing that the tariff collected from the gypsum imports should never be less than "the duties collected by any adjoining country on similar products from this country."

Progressive Republicans Dissastisfied.

Dissatisfaction among Progressive Republicans over the leadership taken by Senator Smoot in the tariff fight now under way resulted in a conference today in which it was tentatively agreed to support Senator LaFollette's substitute schedules on wool, cotton and several other divisions of the tariff bill. Eleven Senators were present at the conference.

Senator LaFollette outside of substitutes, he will propose to the wool and cotton schedules next week, when he will begin his attack on these schedules of the Democratic bill. Senator Kenyon will urge amendments placing on the free list all articles in control of a monopoly, one of them being aluminum.

Senator Cummins has an amendment to tax all commodities sold through stock exchanges, similar to the cotton futures stamp tax included in the Democratic bill. Other Progressive Republican Senators are to propose amendments which the conference will consider.

MEXICAN GUNBOAT DESTROYED.

Bomb Dropped From Aeroplane Into Guaymas Harbor.

Nogales, Ariz., July 28.—The Mexican Federal gunboat Tampico was destroyed today by a bomb dropped from an aeroplane over Guaymas harbor, declares an official insurgent message. It was said that Aviator Didier Masson made three flights over the harbor before he succeeded in hitting the boat.

Governor Ignacio Pesqueira received word of the reported insurgent victory while he was on the way north from Hermosillo. He was met at Nogales, Sonora, by Jose Maytorena, the Sonora Governor, who has been at Tucson, Ariz., leaving the affairs of State with Pesqueira. It was said the two would confer regarding either elections or turning over the government to Maytorena.

At the Front, Above Guaymas, Mexico, July 28.—The insurgent investment of Guaymas was resumed today, and a second column was to be pushed forward tonight under cover of darkness, reinforcing the extreme front which is composed of 2,000 men, half of them Yaquis.

Federal gunboats in the harbor shelled insurgent positions all day.

Nogales, Ariz., July 28.—While it was reported during the Italian-Turkish war that a war vessel was sunk by a bomb dropped from an aeroplane, the report was never confirmed. There is said to be no other report of a similar feat on record, although many bombs have been dropped in military camps during the Balkan war. Masson has made various attempts to damage the forts and ships of the Mexican army and navy at Guaymas, but has met with indifferent success.

EDITOR SAUNDERS ACQUITTED.

Charge of E. F. Aydlett Against Editor Fails of Conviction.

Elizabeth City July 28.—W. O. Saunders, editor of The Independent, a weekly newspaper published here, was acquitted of the charge of criminal libel Friday afternoon before Magistrates M. H. Dixon, Jr., and R. F. Tuttle, in Edenton.

Mr. Saunders was arrested several days ago and taken to Edenton upon a warrant sworn out by Mr. E. F. Aydlett, of this city, charging him with libelling Mr. Aydlett in a certain article which appeared in the Independent several weeks ago. The case was continued on account of a witness who was to testify for Mr. Saunders, being absent.

He was given a hearing and the case required several hours to dispose of it. Mr. Saunders was represented by Attorneys McMullan, of Hertford, and Cohoon, of Elizabeth City. The State was represented by Attorneys Bond, Pruden and Vann, Edenton.

After the evidence had been introduced and the argument made, the magistrates decided that there was not enough evidence to warrant them in holding the defendant, and the case was dismissed.

CARD OF THANKS.

I wish to extend my heartfelt thanks to all the friends and neighbors who so kindly tendered their sympathy and assistance in the late bereavement at the death of my beloved wife.

C. B. GREENLEE.

(advertisement.)

CARD OF THANKS.

Mrs. W. W. Christian wishes to thank the many friends for their great kindness and help during the recent sickness and death of her mother, and to assure them that every deed will be long remembered.

WATER RATES ADVANCED

Merchants & Miners' New Schedule Effective August 15th

Baltimore, Md., July 28.—The advanced freight rate schedule adopted by the Merchants & Miners' Transportation Company will be put in effect on August 15th, shippers having been given 40 to 60 days advance notice of the proposed change.

According to a statement of an official of the company, the rates have been unduly low, and in view of the greater cost of maintenance it was found necessary to raise them. A similar raise is expected among steamship companies of the Atlantic seaboard generally, and it is understood that before the Merchants & Miners' determined to adopt a new schedule the officials had been assured that that this was to take place. Otherwise, shippers argue they could not have been able to meet competition.

CHARGES IRREGULARITIES.

Asks Injunction Against Postmaster General Burleson.

Washington, July 28.—Gerry Jones, of New York, today asked the District Supreme Court to enjoin Postmaster General Burleson from awarding a contract to the Triner Scale Company of Chicago, for twenty-five thousand scales for use in the parcel post service. The petitioner claims that after the bids were opened, the Chicago company was allowed to submit an additional sample, and that the sample did not comply with the specification.

Advertisements inserted under this head, One Cent per word for each insertion, but no advertisement taken for less than 25c. Additional words, more than 25, One Cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amounts being too small to warrant a charge. The Star will send without charge, a Western Union Messenger to any address in the city for advertisements in this department upon request by 'Phone to No. 51. A Messenger will also call for telegrams for the Western Union Telegraph Company, or for notes or small packages to be delivered anywhere in the city. No charge for collecting the telegrams, but a small charge for strictly Messenger Service; calls will be made, or telephone subscribers may at any time telephone their telegrams; bills rendered to suit the sender, daily, weekly or monthly. For this service, call "Western Union." But for advertisements, always call the Star Office, No. 51. Copy for Business Locals cannot be taken over the telephone—but upon request Messenger will be dispatched to any part of the city for them.

THE DELIGHT THAT PEARLY WHITE TEETH

cause is more frequent than many people suppose. Usually it is talked about in a quiet way, but you can always notice the distinct pleasure it gives to see attractive teeth.

When they present beauty of form and regularity, they usually serve their main purpose—thorough mastication. To restore both beauty as well as naturalness is easily done when they are not severely neglected.

It's economy in many ways to keep your real teeth.

One reason the pleasure of my operations is as enduring as teeth—the smallest details are given the attention that wins the confidence of critical people.

It's economy for you to call today.
